EMERGENCY PROCEDURES

Reporting a Crime: call Campus Safety immediately at 7911.

Campus Safety is a shared responsibility. All are encouraged to report crimes and suspicious activity to Campus Safety immediately. Crimes may also be reported to any Campus Security Authority, such as a dean, the Director or Assistant Director of Residential Life, or an athletic coach. The Campus Security Authorities work closely with Campus Safety to ensure the safety of our community. All reported incidents will be investigated.

Emergency Notification:

In an effort to ensure that the community is fully aware of any safety issues or emergencies, Campus Safety will activate the emergency notification system when deemed appropriate. This system has multiple levels, tailored to the situation at hand, which include posting of Campus Safety bulletins, campus-wide voicemails, and e-mails. In addition to these steps, a recorded message may be placed on the Emergency Hotline, x7310 or 610-526-7310 by cell phone and information may be posted on the College homepage.

The College has also partnered with a leading provider in the field of emergency notification to send out mass text messages. The system will only be activated when tests are conducted or in the event of a serious or imminent threat to community safety. In the event of an immediate hazard or a serious threat to public safety, a notification message will be sent out via text, voicemail and e-mail.

A public alert siren may be used as well, if warranted. The siren will be followed by instructions. When the crisis has passed, an all-clear will be sounded. All students are encouraged to go to the following links to familiarize themselves with the alert siren and the emergency messages.

Campus Emergency:

Warning Sound: www.whelen.com/outdoor/audio/Tone%20Wav%20Files/whoop.mp3
General Message: www.whelen.com/outdoor/audio/Voice%20Library%20Wav%20Files/GEC1.mp3
Test Message: www.whelen.com/outdoor/audio/Voice%20Library%20Wav%20Files/T2.mp3
For additional safety information, please refer to www.brynmawr.edu/safety/act73.htm.

Fire:

If a fire alarm sounds, evacuate the building immediately. Do not re-enter the building until Campus Safety or Emergency Personnel give the all-clear. In the event of a fire, pull the fire alarm, call Campus Safety at 7911 from any campus phone or 610-526-7911 by cell phone, and evacuate the building immediately. Familiarize yourself with fire evacuation routes in buildings you use frequently

Medical Emergencies:

Call Campus Safety at 7911 Campus Phone or 610-526-7911 immediately.

Be prepared to give your location and the nature/severity of the injury. Stay on the line until emergency personnel arrive or the dispatcher ends the call.

Maintenance Emergencies:

After hours and on weekends, Campus Safety Communications Officers will contact Facilities Services for requests that are deemed emergencies.

Emergency Hotline: x7310 or 610-526-7310.

Recorded messages are posted here to provide current information, such as cancellations or special instructions, during severe weather or other emergencies.

Blue Light — Yellow Emergency Telephones:

Yellow emergency telephones, most with blue lights on top, are located around campus and connect the caller with Campus Safety. Many of these phones also provide your location for officers to assist you.

Campus Crime Awareness: Clery Act and the Annual Fire Report:

Information regarding campus security and personal safety as well as the annual fire report may be found at www.brynmawr.edu/safety/act73.htm.

Emergency: 7911 (Campus Phones) or 610-526-7911 (Cell Phones)

SAFETY AND SECURITY TIPS

In the safest of environments, people may still become victims. Crime prevention is the responsibility of every member of the Bi-College community. Faculty, staff and students are encouraged to watch over the campus, to report any suspicious activity to Campus Safety, and to follow basic safety practices that apply no matter where one lives. For additional information as well as other Campus Safety services, consult www.brynmawr.edu/safety/awareness.htm or www.brynmawr.edu/safety/.

It is the responsibility of the Department of Campus Safety to promote the safety and welfare of the Bryn Mawr College community.

BI-COLLEGE SAFETY RISK

Due to the Bi-College nature of Bryn Mawr and Haverford Colleges, if either College determines that the presence of an individual poses a safety risk to the campus community, that individual will be deemed a safety risk on both campuses. If either College determines that a student must be barred from residence on its campus, either pending investigation or after final resolution of that investigation, the student also will be barred from residence on the other campus.

SOME CAUTIONARY WORDS ABOUT WRITING ONLINE

Remember that postings and communications online should be in keeping with the values of our community: concern for others, respect for diversity, and commitment to dialogue. These values are the foundation of our Honor Code and our interactions with one another, whether these interactions are face-to-face or conducted online.

Keep in mind that with the increased effectiveness of search engines and the archiving of web pages, material posted online may be available years from now. Personal and student organization home pages, entries and invitations on Facebook, Twitter and similar sites, as well as ideas posted on public forums reflect on you and may be viewed by prospective employers. Personal information and photographs may be viewed by stalkers. Such postings can seriously compromise your good name and even your safety.

You should be equally aware of the dangers posed by identity theft. If you post your date of birth online along with pictures of yourself and personal information, you are vulnerable to identity theft. Similarly, you should not post photographs of friends or your friends’ writing without receiving permission to do so.

In short, posting any writing online should involve a heightened degree of care and responsibility. Remember—there is no such thing as privacy on the Internet.
2. SGA/TRADITIONS/SGA CONSTITUTION/HONOR CODE

SELF-GOVERNMENT ASSOCIATION (SGA)

Under the Bryn Mawr College Honor Code and Self-Government Association Constitution, Bryn Mawr College undergraduates take responsibility for governing themselves in academic and social matters, as well as playing an active and fundamental role in the life of the College. The oldest self-governing association in the nation, the SGA is composed of any candidate for a Bryn Mawr College A.B. degree. As members of the association, undergraduates are entitled to attend weekly assembly meetings and voice their opinions, participate in a variety of SGA-sponsored events, groups, film series, magazines, newspapers and traditions, as well as vote in elections that send student representatives to various committees, the Board of Trustees and the SGA Assembly. It is the hope and expectation of self-governance at Bryn Mawr College that all students will be able to find a place, group, activity and concerns in the most effective, responsible and satisfying way possible. SGA represents the concerns and needs of the undergraduate body to the administration.

The SGA’s organization includes the Executive Board, Representative Council, Traditions, Honor Board, Residence Council, Appointments Committee and many appointed committees, boards and representatives.

The Self-Government Association maintains a blog of all meeting minutes. It is updated frequently with information and event announcements. Brief announcements are also tweeted via the username@ bmcsga and posted through Facebook via the Bryn Mawr College Self-Government Association page. Members of the Honor Board also participate in hearings when a possible infraction has occurred. When an infraction has been determined to have taken place, the Honor Board’s role is to assess whether and, if so how the community member can reconcile with the rest of the community.

TRADITIONS

The purpose of Traditions is to promote, encourage and preserve the spirit of Traditions on campus. Contact: traditions@brynmawr.edu www.brynmawr.edu/activities/traditions

At Bryn Mawr, the passage of the seasons is marked by a cycle of rituals that celebrate the College community with symbolic pageantry. Observers have described these traditions—which include Maypole dancing, a parade in Elizabethan costume and a hymn to wisdom sung in Ancient Greek—as both “beautiful” and “quirkily anachronistic.” To many Bryn Mawr students, the College’s traditions are more than entertaining, colorful spectacles that divert participants from the intensity of study; they are ceremonial enactments of common values that help create a sense of community. The major traditions are:

Parade Night

Parade Night celebrates the completion of the first week of classes. The first step sing of the year is held the Friday night at the end of the first week.
**Lantern Night**
First-years receive their lanterns (in their class color) and the second step sing of the year follows the ceremony.

**Hell Week**
Hell Week is meant to be a time of fun and bonding between the first-years and the upperclassmen. Events might include Dorm Dress-up Day, Bedtime Stories, Duck Pond Run, Dorm Olympics and much more.

**May Day**
This all-day celebration takes place on the Sunday after the last week of classes. The last step sing of the year is held that night. The four major traditions are joined by countless minor traditions, such as presenting gift offerings to a sculpture of Athena and ringing the Taylor Hall bell when seniors’ final exams are finished.

THE Bryn Mawr COLLEGE Honor Code (AS OF SPRING ’13)

Whereas, we, the members of the Undergraduate College of Bryn Mawr College, demonstrate our interest in each individual’s capacity for personal integrity and our belief in the principles of self-governance by affirming our student community on a system of academic and social honor;

Whereas, this system depends for its success on continuing support from every member of the Association, from those attending classes at Bryn Mawr, and those visiting our community;

Whereas, this demands that each student live with integrity and discretion in her/his own life and with respect and concern for others within the larger cooperative community; therefore be it

Resolved, that we, the members of the Self Governance Association the Undergraduate College of Bryn Mawr College, do hereby adopt this Honor Code:

We, the members of the Undergraduate College of Bryn Mawr, have come together in this community in order to create an environment in which each member is able to realize their full potential—a potential which is realized through intellectual and social growth. Such an environment is possible in a community that values respect and concern for individuals and with this respect and concern, a commitment to communication. We have founded our community on the honor and integrity of its members. We trust that each student will be guided by the values of this community. Such trust is essential to maintaining the reciprocity on which our community is based.

Our intellectual and social development requires freedom born from trust. For growth requires more than blind adherence to a code of conduct, it requires reflection—reflection upon our actions and how our actions affect those with whom we share the community. Such reflection is only possible when one’s judgment is trusted.

Growth also requires that we take responsibility for our judgments, actions, and also for our student community. At the heart of growth is the process of learning. Learning is dependent upon an exchange of ideas, a dialogue that can only occur when there is mutual trust, respect, and concern. These qualities are natural in a community where the members are aware of their interrelation and interdependence. Through the community we are able to create an atmosphere for growth and learning as the maintenance of the community has the identical requirement for success as does the process of learning-dialogue.

The quest for the realization of potential that has spawned this community has an intellectual component that extends to a mastery of academic subjects. Fundamental to intellectual development is a social one in which the members of this community reflect upon citizenship and what it means to belong to this community, or any community. The environment for learning that we have endeavored to create rests upon our sense of responsibility to the community, our peers within the community, and to ourselves. Basic to this learning process and the growth of this community and her members are a respect for and value of each member as an individual and also for the wealth of diverse experiences and backgrounds each of us brings to our community.

Although we entered into a community that existed before our arrival, we recreate the community through our participation. Our continued commitment not only to our own development, but to that of our sisters and brothers, results in the enrichment of our atmosphere, the strengthening of our foundation, and the constant reaffirmation of our community. Although our community is based on mutual respect and trust, tensions often arise between interests of individuals and community needs. Because of the diverse experiences and backgrounds of the members of this community, conflicts centering on differences among individuals develop. We recognize that acts of discrimination and harassment, including, but not limited to, acts of racism, homophobia, classism, ableism, and discrimination against religious and political minorities are devoid of respect and therefore, by definition, violate this Code.

Our student community does not stand alone—it is part of the larger Bryn Mawr community. The web of inter-dependence that characterizes our community includes all students taking courses at Bryn Mawr and extends to faculty, administration, and staff. While the jurisdiction of a student Honor Board does not extend beyond the undergraduate student community, this community is enriched when the principles that govern student interactions form the basis for our interactions with all those with whom we share the community.
We recognize that in our interactions with members of our community, problems and conflicts do arise. We have developed procedures by which such problems can be resolved—procedures which are based on the principles of self-governance and the need for communication. Basic to these procedures is a dialogue between the parties involved in the conflict. If such a dialogue does not result in the resolution of a problem, a student Honor Board will assist the parties in arriving at a resolution of the situation.

I. THE HONOR BOARD

A. The Honor Board is responsible for the administration and facilitation of the Honor Code. This includes an orientation for new students each fall, open meetings where the student body can discuss non-confidential matters relating to the Honor Code, and the periodic review of the Honor Code itself.

B. Composition of the Board

1. The Academic Honor Board consists of the Dean of the Undergraduate College, three members of the Faculty of Arts and Sciences, and eight students from the Undergraduate College: three students from the senior class (at the beginning of the fall semester), two students from the junior class (at the beginning of the fall semester), two students from the sophomore class (at the beginning of the fall semester), and one student elected as Head of the Honor Board by members of the Association.

2. The Social Honor Board consists of four permanent members who sit on the Academic Honor Board and four rotating members (one from each class) selected at random from the Association.

3. There are three specialty appointments on the Board: the Senior Counsel, the Secretary, and the Mediation Program Liaison. The Senior Counsel serves as the support person for the confronted party in that the Senior Counsel makes clear the procedure of the hearing to the confronted party. The Secretary takes minutes at meetings, writes abstracts, and takes care of the Honor Board budget. The Mediation Program Liaison works closely with the mediation intake coordinators to schedule mediation and to organize the mediation program. Since it is important for both the Senior Counsel and the Secretary to have an understanding from the experience of the hearing procedure, the Honor Board Head, in consultation with the Academic Honor Board, shall appoint elected members of the Board to these positions based on the length of term and/or total time served on the Board. The Mediation Program Liaison shall likewise be appointed with regards to experience with the Mediation Program.

C. The jurisdiction of the Honor Board extends to all members of the Undergraduate College. The Board has the authority to justify any sanction up to failure of an examination or paper, failure of a course, exclusion from a residence hall, exclusion from campus housing or expulsion from the College.

II. PROCEDURES

A. Academic Cases

1. Confrontation

a. If a student or another member of the community (including members of the faculty) suspects that the actions of another student are not consistent with the academic aspects of the Honor Code, she or he should talk in person with the student who committed the alleged violation to determine whether or not a potential violation has occurred. If the confronting party is satisfied that no violation has occurred, no further action is needed. If, after the conversation, the confronting party still believes that a violation may have occurred, the confronting party should ask the confronted student to report herself/himself to the Honor Board (preferably, in writing). This process of confrontation should be conducted in a completely confidential manner.

b. The confronted student is obligated to contact the Head of the Honor Board within 48 hours to report that an infraction may have occurred. If the confronting party has not heard from the Head of the Honor Board within 48 hours, she or he should report the possible infraction and the student’s name to the Head. This should be done in writing, if possible.

c. Both the confronting and confronted parties must write separate statements explaining the circumstances as they perceive them. In ordinary circumstances the statements should be submitted to the Honor Board within 72 hours after the confronted student and the Honor Board have made contact.

d. The Head of the Honor Board and the Dean of the Undergraduate College will read both statements to determine if a hearing is warranted. If it is unclear whether a matter should be addressed by the Academic or Social Honor Board, the Head of the Honor Board in conjunction with the Dean of the Undergraduate College shall decide to whom the matter will be referred.

2. Hearing Procedures

a. If the confronting party is a student, she or he may be represented during the hearing by the professor involved. The confronting student, however, may be asked to write a statement for the hearing.

b. The Senior Counsel and/or the Head of the Honor Board talk to the persons involved prior to each hearing. At the hearing, the statements previously submitted to the Honor Board will be read by Board members before the arrival of the confronting and confronted parties. Both parties (confronting and confronted) may read all written statements.

c. In the hearing, the confronted student has the option to be present for all testimony given. The student’s dean is present during the entire hearing, but does not have a vote in the final decision. The hearing is conducted in an informal manner. As soon as the hearing is over, the student is informed of the Board’s decision by the Head of the Honor Board and the Dean of the Undergraduate College. The Dean of the Undergraduate College informs the professor of the confronting party.

d. When the Head of the Honor Board deems it necessary, the Honor Board may call expert witnesses to testify about the materials in question. To ensure impartiality, this witness may not currently be the student's professor.

e. A hearing is kept completely confidential. However, records of all academic cases are kept. Each record includes all written statements, the minutes and the Honor Board’s final decision in the case. Only the Dean of the Undergraduate College has access to the Honor Board Records. They may be consulted by the student’s dean if the student asks for a letter of recommendation or in periodic reviews of procedure by the current Board.

f. At the end of each semester, the Honor Board Head will release a final report of the hearings that took place to the Bryn Mawr Community. This report will include the number of academic hearings, the reason why they were brought to the board, and a broad description of the decision of each hearing. In addition, the Honor Board Head will present this information at the end of each semester to the SGA Assembly. Included in the published report, the Honor Board Head must also include 5 to 6 random abstracts from no earlier than 2 semesters ago and no later than 6. This random selection should be representative of cases that are still relevant to campus life. All members of the Self Government Association have the right to ask the Honor Board Head for as many abstracts from hearings that have happened from no earlier than 2 semesters ago and no later than 6.

g. Appeals of decisions of the Academic Honor Board may be made to the President of the College within one week of the conclusion of the hearing. Appeals may only be made in cases where the procedure followed was questionable. The appeal must be presented in writing. The President will review all materials from the hearing, and the decision of the Honor Board in respect to the complaint of the confronted student. The President will not hear new evidence. The President may uphold any decision of the Honor Board, reverse that decision, or call for a new hearing. Decisions involving separation or exclusion are automatically appealed.
B. Social Cases

1. Confrontation
   a. If a student is offended by the actions of another student, either personally or because the student believes them to be detrimental to the community, the student must confront the student directly as the first step toward conflict resolution. This conversation must take place in person unless the option is not available (i.e. the student is abroad). Confrontation is not a hostile action. The two students should engage in a constructive discussion to try and reach a common understanding. This does not imply an agreement but an “exchange of values” or “expression of concerns” which results in a viable solution for both parties. An Honor Board member may act on behalf of another student if this process would place the student involved in physical danger. In the case of an Honor Board member assisting in the confrontation, a clear line of communication must be maintained between the students involved in the confrontation.
   b. In conflicts where a third party may be helpful, the following resources are available:
      i. The Hall Adviser’s role is that of advising the students on how to use the Honor Code. Hall advisers may, if asked by one of the conflicting parties, help facilitate, but not mediate, the resolution of prolonged disputes. They are a part of the support network during repeated attempts at confrontation, they may give advice to both sides.
      ii. If the problem remains unsolved, a formal mediation may be desired. Mediation is a process by which a trained, neutral third party assists the parties in a conflict to arrive at a resolution through facilitating communication. The Mediation Program, (now the Conflict Resolution Committee), can be utilized to foster communication and help solve prolonged disputes with complete confidentiality. Contact information for both resources can be found in the student handbook and on the College’s Web site.
      iii. Customs people, because it is necessary that they maintain good relations with both sides of a dispute, are asked not to participate in mediation or confrontation between freshwomen in their halls. They may refer conflicting parties to the appropriate resources.
      iv. Honor Board representatives, assigned by dorm, are available to address concerns regarding the Honor Code and confrontation.
   c. Confidentiality is vital to the success of the Social Honor Code; knowledge of the problem must be confined to as limited a group of people as possible (i.e., the persons involved, HA’s, mediators, counselors, 1-2 confidants, etc.).
   d. If the issue cannot be resolved, the Head of the Honor Board should be contacted.
   e. Both the confronting and confronted parties must write separate statements explaining the circumstances as they perceive them. In ordinary circumstances, the statements should be submitted to the Honor Board within 72 hours after the confronted student and the Honor Board have made contact.
   f. The Head of the Honor Board, along with the Senior Counsel and with one other Board member, will collect written statements and determine if a hearing is warranted and which witnesses will be heard.

2. Hearing Procedures
   a. The Head of the Honor Board informs the confronted student of her or his option to seek advice from the Senior Counsel.
   b. The Senior Counsel and/or the Head talk to the parties involved prior to each hearing. At the hearing, the statements previously submitted to the Honor Board will be read by Board members before the arrival of the confronting and confronted parties.
   c. In the hearing, the confronted student has the option to be present for all testimony given and, in the event that the confronted student decides to speak, speaks last. The hearing is conducted in an informal manner. As soon as the hearing is over, the student is informed of the decision of the Board by the Head of the Honor Board and Senior Counsel.
   d. Social hearings are confidential. However, minutes of all social cases are kept. Each record includes all written statements, the minutes and the Honor Board’s final decision in the case.
   e. At the beginning of the spring semester, the Honor Board Head must release Social Honor Board Hearing abstracts from no earlier than two semesters ago and no later than ten. These abstracts should be presented to the SGA assembly and will be released to the Bryn Mawr community. The Honor Board Head should take into consideration issues of confidentiality while selecting these abstracts as there still may be collective memory over the incident. The Honor Board Head will consult the Dean of the Undergraduate College when doing so. If the Honor Board Head does not have any Social Honor Board abstracts to release, then she must state this to the SGA assembly at the beginning of the spring semester.

3. Appeal
   a. Appeals of decisions of the Social Honor Board must be directed to the President of the Self-Government Association, in writing, within one week of the conclusion of the hearing unless the confronted student is a current member of the SGA assembly. Appeals may only be made in cases where the procedure followed is questionable; decisions involving separation and exclusion are automatically appealed. The President of the SGA will appoint two members of the SGA Assembly to an Appeal Committee. The student bringing the appeal selects one member of the SGA Assembly to serve on the Appeal Committee. Those three choose two more members from the SGA assembly; the five elect a chairperson. The Appeal Committee invites the Head of the Honor Board to respond in writing to the complaint and reviews this and all other written materials. It may interview the student bringing the appeal and the Head of the Honor Board. The Appeal Committee may uphold the Honor Board’s decision, reverse the decision, or order a new hearing. It reports in writing to the President of the SGA. The Appeal Committee must complete its work in one sitting.
   b. Final appeal may be directed in writing to the President of the College and the President of the SGA within three days of receipt of the decision of the Appeal Committee. The Presidents will review all materials from the hearing and the appeal. They may uphold the decision of the Appeal Committee, reverse it, or order a new hearing.
   c. If the confronted student is a current member of the SGA assembly, appeals must be directed to the President of the College, in writing, within one week of the conclusion of the hearing. Appeals may only be made in cases where the procedure followed is questionable. The President will review all materials from the hearing, and the decision of the Honor Board in respect to the complaint of the appealing student. The President will not hear new evidence. The President may uphold any decision of the Honor Board, reverse that decision, or call for a new hearing. Decisions involving separation or exclusion are automatically appealed.

II. DEAN’S PANEL

A. Matters that are beyond the ability of the Honor Board to resolve, including criminal matters, shall be brought before a Dean’s Panel. In determining whether a Dean’s Panel is indicated, the Dean of the Undergraduate College (or her designee) shall consult with the Head of the Honor Board.

B. Procedures for the conduct of a Dean’s Panel are found in the Student Handbook.
IV. POLICIES

A. Academic Resolutions

These resolutions are to preserve and ensure the integrity of the College and of the individu-
als within it. Each student is responsible for the integrity of her own academic work. Thus,
it is important that each student read and understand these academic resolutions, as each
student will be held responsible for them.

1. Examinations and Quizzes
   a. Students are not to reveal the form, content, or degree of difficulty of any exami-
nation or quiz. Discretion should be used in discussing the examination and in disposing of the examination.

   b. Examinations at the end of each semester will be conducted without proctors in the examination rooms. However, one or more student proctors will remain in each building to be called in case of emergency and to maintain quiet.

   c. There should be no talking in the examination rooms. A student may leave an examination but should not create a disturbance. On completion of examinations, students are requested to leave the building promptly and quietly. Examinations will be written in blue books or on other paper provided by the College. Students are urged to occupy alternate seats where space permits. Students should not bring books and papers into the examination room unless told to do so by the instructor.

   d. In a scheduled examination, the instructor or the instructor’s representative may stay in an examination room for about fifteen minutes at the beginning of an examination to answer questions, and may return at the close of the examination to collect papers. Students, upon completing, shall leave all blue books on the instructor’s desk or as otherwise instructed.

   e. Quizzes will be conducted in the same manner except that the instructor may remain in the room. Quizzes will ordinarily begin at ten past the hour, and students are responsible for observing time limits.

   f. In self-scheduled examinations, students must stop writing at the time specified by the instructor. Both the self-scheduled examination questions and the ‘blue books’ will be returned to the proctor in the building after the students complete them. The same standard of integrity is expected of students in cases of take-home or open book examinations, or any type of examination. The time allowed for a take-home examination or quiz is considered to run from the time the student opens the examination through the time limit specified by the instructor. A student may not use course materials, or seek any other outside help, unless specifically instructed to do so.

2. Other Academic Work
   a. In reports and other written work, sources of information and of ideas and opinions not the student’s own must be clearly indicated; the source of direct quotations must be acknowledged. Failure to do so constitutes plagiarism.

   b. In laboratory work, each student, unless otherwise directed, is expected to make all the necessary measurements, drawings, etc., independently, from her/his own observations of the material provided. All records, including numerical data for working out results, are to be used by the student independently and as initially recorded.

   c. Collaboration among students in the preparation of work may take place as approved by the instructor.

   d. Permission must be obtained in advance from all professors concerned if a paper is to be submitted for credit in more than one course. If the paper has been used in a previous course or another school, the current professor should be made aware of the fact.

   e. Any student who is uncertain about the application of the preceding rules to any particular assignment should ask the instructor for more explicit directions.

3. Library—Use of library resources is subject to the Honor Code, as well as normal library regulations. It is the responsibility of the students to acquaint themselves with the regulations regarding the use of library materials, especially those materials on reserve. If a student fails to return a library book on time, despite requests from the librarian, it will be considered an infraction of the Academic Honor Code, and will be dealt with accordingly.

4. Faculty—Members of the faculty are not under the jurisdiction of the Honor Code but may participate in confrontation. Complaints about a faculty member should first be made to the professor and then to the Dean of the Undergraduate College.

B. Social Resolutions of the Honor Code

The Social Honor Code attempts to reconcile the often-conflicting demands of community and personal responsibility to create an atmosphere in which individuals interact effectively. Policies approved by the vote of the Self-Government Association are the only policies that fall under the jurisdiction of the Honor Board. The social resolutions represent guidelines for conduct in areas where a need for community agreement on behavior exists, and may at times restrict the maximum freedom of each individual. Confrontation is appropriate whenever a student feels that their rights have been infringed upon. The following resolutions do not exhaust all situations in which confrontation may be appropriate.

1. Confidentiality—The right of each student to privacy shall be preserved except in cases of dire emergency. When answering phones, no information concerning any student may be released without an express directive from the student. This same concern should be considered when replying to written or verbal requests for information about another member of the Association or the larger community.

2. Guests—Every guest on the campus is bound by the Honor Code regulations while staying on the campus; future visits by guests who have violated these regulations may be restricted. Each student is responsible for seeing that her/his guests are acquainted with the resolutions of the Association. The student will not be penalized for a guest’s failure to comply with the resolutions if the guest has been informed of them. This statement refers only to the student Social Honor Code procedures. The student and their guest may be subject to College administrative procedures and penalty. Guests may be received in students’ rooms at any hour. For the security of the halls, any stranger should be escorted to the public rooms, to the room of the person being visited, or out of the hall. Men’s use of bathrooms shall be determined by each corridor in any women’s hall. It is a College rule that guests may stay in halls for short visits only. Violations may be reported to the Dean of the Undergraduate College.

3. Dormitory Life—Decisions pertaining to the specific door-keeping practices, smoking areas, and quiet hours of each dormitory will be determined at the first dorm meeting of each academic year.

4. Policies on Alcohol and Drugs—The College’s policies on alcohol and drugs are also included in this Honor Code.

V. OTHER INSTITUTIONS

A. If a Bryn Mawr student is in violation of the honor system of another institution, including those with which Bryn Mawr has cooperative agreements (except Haverford, with whom there is a special agreement), that violation will be adjudicated at that institution. The student should report the case to the Bryn Mawr Honor Board, but ordinarily no action will be taken at Bryn Mawr.

B. Special Agreement with Haverford College
   (College A may be either Bryn Mawr or Haverford College, depending on where the case originates.)
1. When College A concludes a hearing of a case involving a student from College B with a recommendation for action which requires enforcement by College B, the student will have five days to appeal to the President of College A, using College A’s appeal procedures. If, after the appeal period, there remain some results which must be enforced by College B, that recommendation is forwarded by the appropriate person in College A to the appropriate person in College B (i.e. when an appeal was heard, by the President of College A to the Dean of College B; when there was no appeal, by the Dean of College A to the Dean of College B).

2. At College B, an inquiry will be made by the dean and the student head of Honor Board or Council. It is understood that this should not constitute a second hearing of the case, but all materials from the hearing should be available to the inquiry, which may also call upon anyone involved for further questioning. The inquiry will not affect the resolution of the case in those areas where enforcement is within the authority of College A, but will only decide whether the recommendation for action referred to College B will be accepted, modified, or rejected. The student has five days to appeal the results of the inquiry to the President of College B, whose decision is final.

3. Students should be familiar with both the Bryn Mawr and the Haverford Honor Codes, as one is expected to adhere to the Code of the campus one is on. There are several significant differences between the Colleges’ Honor Codes of which each student should be aware.

4. The Bi-Co Liaison will be utilized as appropriate.
   a. The purpose of the Bi-Co Liaison is to keep the home institution informed, as well as serve as a source of knowledge about the home institution. The liaisons will be responsible to attend any necessary meetings, transporting any necessary documents back to the home institution, and bringing up relevant points that the jury may have thus far neglected to consider.
   b. The liaisons at both institutions will be governed by the same set of procedures that were consented by both the Bryn Mawr Honor Board and the Haverford Honor Council, and will be made readily available to the community. Changes to these guidelines that do not conflict with what has already been stated can only be changed with the consent of both the Bryn Mawr Honor Board and Haverford Honor Council.

DEAN’S PANEL
A Dean’s Panel is conducted in the spirit of the values affirmed in the Bryn Mawr Honor Code: a belief in the integrity of each individual, a concern for others, and a commitment to dialogue. A Panel may be convened to investigate and resolve concerns about a student’s behavior raised by students, faculty or professional staff. All members of the community should realize that being called before a Dean’s Panel in no way implies a presumption of guilt.

a. Purpose
In general, a Dean’s Panel will be convened to deal with (a) disciplinary issues inappropriate to the Honor Board; (b) circumstances in which the physical well-being or safety of undergraduate students is in jeopardy; or (c) circumstances in which College resources, policies or property have been abused. In determining whether or not a Dean’s Panel is appropriate, the Dean (or her designee) will consult with the head of the Honor Board and such members of the professional staff of the College as circumstances indicate. The Panel should be convened in a timely manner, soon after a concern about a student’s behavior has become known. Should an event which requires a Dean’s Panel take place over the summer, it may be necessary to schedule the Panel at the start of the following term.

b. Composition of the Dean’s Panel
The Dean’s Panel shall be appointed by the Dean (or her designee) and composed of at least three members. Generally the panel will include three members of the Dean’s staff and/or other College administrators as well as two undergraduate members of the Honor Board. If the Dean believes that particular circumstances make the inclusion of student representatives inappropriate, she will consult the head of the Honor Board and decide with her whether student representation may be waived. If the Dean is to be a member of the panel, she will be the chair. Otherwise, she will appoint one of the Associate or Assistant Deans as chair.

c. Notification
Each student being brought before a Dean’s Panel will be notified by letter or email from the chair that a Dean’s Panel is being convened. This letter will specify the behavior or issue that gave rise to the concern and direct the student to schedule a meeting prior to the hearing with the chair or her designee. This meeting shall be for the purpose of (a) reviewing the Dean’s Panel procedures for the student; (b) obtaining from the student the name of a support person from the Bryn Mawr community to be present at the hearing; and (c) obtaining from the student the names of people that she would like the Dean’s Panel to consider including in the slate of witnesses.

d. Scheduling
The hearing will be convened as soon as practicable after the student’s initial meeting with the chair or her designee. In the event that the student does not schedule such a meeting, the Dean’s Panel process will be obliged to go forward without her. Any student notified of a Dean’s Panel hearing is required to appear when instructed. The Dean’s Panel will make reasonable efforts to take into consideration the scheduling preferences of any student being brought before it; however, if these preferences cannot reasonably be honored, the student or students will nevertheless be expected to appear for the hearing. Should a student fail to appear, the Panel will be convened as announced and proceed without her, and she will be bound by any of its resolutions.

e. Fact-Finding Procedures
1. The members of the Panel will determine whether or not to solicit a written statement from any student brought before it.
2. The members of the Panel will determine a slate of witnesses who will ordinarily be members of the Bryn Mawr College community. In general, the Panel will obtain statements from witnesses either through submission of written statements in advance of the Panel or through fact-finding interviews at the Panel itself.
3. Any student brought before the Panel will have access to any written statements submitted by witnesses. Any student called before the Panel has the right to be present, with her support person if she desires, during any fact-finding presentation which takes place at the hearing.
4. Witnesses will be interviewed individually at the hearing. The members of the Dean’s Panel will first question each witness. The student brought before the panel will then also have the opportunity to question each witness, but if she asks a question that appears harassing, intimidating or irrelevant, the Chair will disallow the question. If the student persists in such questions, the Chair may judge that she has forfeited any right to question the witness. Ordinarily, the witness will not question the student brought before the Panel, but she may suggest to the Panel questions that should be addressed to the student.
5. The student brought before the Panel will be questioned after all other witnesses (if any) have appeared.
6. The support person of any student called before a Dean’s Panel will not ordinarily be allowed to address the Panel or to serve as a witness.
7. If the Panel chooses to interview witnesses in private, separate from the hearing, the student brought before the Panel will have the opportunity to submit questions to the Dean’s Panel members, who will, in turn, ask these questions of the witness. A summary statement of the private interview will be given to the student at the hearing.
f. **Dean’s Panel Deliberations**
   After taking statements and gathering information, the Panel will meet in private to deliberate and formulate its resolutions. A student brought before the Panel will be informed of the Dean’s Panel’s resolutions orally at the first opportunity. In addition, soon after the Panel’s deliberations, the chair will send the student a written summary of the Panel’s resolutions. The Panel will determine which others should also be informed of the resolutions.

g. **Finality of the Decision**
   The resolution of the Dean’s Panel is final and binding on the student brought before the Panel unless (1) the student submits a valid written appeal to the President within ten days after having received the formal letter setting forth the Panel’s resolutions; or (2) the Panel’s resolution was that the student brought before the Panel is to be separated or excluded from the College, in which case the Panel itself shall automatically submit the matter to the President of the College for review. The decision of the President on appeal is final and binding.

h. **Valid Grounds for Appeal; Scope of Decision on Appeal**
   A student’s appeal may be made only (a) on procedural grounds, which the student shall specifically identify in her appeal; or (b) when relevant new evidence not reasonably available at the time of the hearing becomes known to the student who had been called before the Panel. The student’s appeal shall identify the new evidence and its relevancy as well as explain when it became available. In making a decision on a student’s written appeal, the President will review all materials from the hearing, the Dean’s Panel’s resolution, and the written appeal submitted by the student. The President may uphold the Panel’s determination, reverse its determination, or require a new Dean’s Panel hearing.

i. **Record**
   There will be no record of an appearance before a Dean’s Panel in a student’s file unless the Panel creates such a record as part of its resolutions. The materials from the hearing before the Dean’s Panel and the Dean’s Panel resolutions will be kept separately and confidentially by the Dean. A summary of the resolutions of a Dean’s Panel will be made available to the community in the semester following the investigation.

j. **Confidentiality**
   All witnesses and all parties to the Dean’s Panel proceedings are required to keep all proceedings strictly confidential.

RELIGIOUS ADVISERS
The Pensby Center, 229 Roberts Road (Cambrian Row), x6592

As a nondenominational institution, Bryn Mawr does not employ or endorse any religious advisers or representatives. However, we recognize that religion is a significant aspect of many students’ lives and that the free exercise of religion, as well as the vigorous discussion of religious ideas, is important to the quality of student life on campus. We therefore extend hospitality and assistance to contact people from local religious organizations and to student religious groups. Religious advisers work with students to coordinate activities exploring spirituality, ethnicity, culture and social justice. The advisers are available for counseling and work with student groups to organize services, study religious texts, and plan community-service projects.

4. DORM LEADERS

COMMUNITY DIVERSITY ASSISTANTS
Community Diversity Assistants function as a proactive educational advocacy group and engage in ongoing training on diversity-related issues. In concert with Hall Advisors, Residence Council, affinity groups, the Pensby Center and community members, CDAs implement programming regarding diversity, tolerance, empathy and privilege. They conduct a variety of educational programs and facilitate discussion of and appreciation for our diverse College community. The goal of the CDA program is to promote a community where diversity is valued through mutual respect and empathy towards one’s peers. CDAs are supervised by the Pensby Center and the Office of Residential Life.

CUSTOMS PEOPLE
Customs people are selected students (generally sophomores) who live on the halls with new students. They provide orientation during Customs Week as well as continued guidance throughout the year to assist first-year and transfer students with a successful transition to the College.
DORM PRESIDENTS
Dorm Presidents serve as elected representatives to Residence Council and as representatives to SGA. Residence Council is responsible for addressing residential and campus issues that involve dorm life, including but not limited to maintenance issues, student safety, energy conservation, and fire safety. In addition, Residence Council is responsible for planning the annual Halloween Dorm Trick or Treat and for organizing campus-wide dorm events. Residence Council implements the annual Room Draw process for room selection each spring semester.

HALL ADVISORS
www.brynmawr.edu/residentiallife/has
Undergraduate Hall Advisors (HAs) work closely with members of their dorm leadership team, particularly Customs people, on behalf of their fellow residents. The HA has special responsibilities to the residents of the area (usually a floor) to which she is assigned. HAs provide information about the College and its services and refer students to resource persons when appropriate. As members of the Residential Life office staff, HAs promote a community atmosphere conducive to learning and personal growth.

PEER MENTORING SERVICES (PMS)

Peer mentors are trained to help their fellow students identify and implement techniques for more effective learning. These techniques include developing strategic study routines, taking notes from lectures and readings, seeking help from the instructor, analyzing a course syllabus as well as texts and working with a study group. Mentors also assist students with course selection and planning. Students can visit their peer mentor during workshops and drop-in hours, as well as in one-on-one sessions.

Policy on Confidentiality
The confidentiality of the doctor/patient relationship is respected at all times. No information regarding your health will be released without your permission. Matters of health become practical issues when questions of extensions and absences from class arise. At such times you may want us to inform your dean or the Department of Athletics and Physical Education (if you are enrolled in PE courses) about your health, and you will be asked what information you wish to have shared with whom.

However, in the case of life-threatening emergency, such as accident, severe injury, hospital admission, emergency surgery, statement of suicidal intent or suicide attempt, the College administration and its medical services will intervene on the student’s behalf and may at their discretion inform others who need to have information to protect the student and/or emergency contact person. Every effort will be made to include the student in these decisions.

Eligibility
Student health services are available to all matriculated undergraduate students. All students must have a completed physical-exam form on file at the Health Center to receive services.

COUNSELING SERVICES
Health Center, x7360, www.brynmawr.edu/healthcenter/counseling
The college years are times of accelerated growth, significant challenges and considerable stress. Counseling is available to help students with the variety of concerns that arise during this time. Each year, approximately a third of our student body comes to the Counseling Service to talk to a counselor. You do not have to be in crisis to see a counselor. The Counseling Service provides students with an opportunity to explore their concerns with a professional psychotherapist or psychiatrist in a confidential setting.

Counseling services are available to Bryn Mawr College undergraduate and graduate students during the academic calendar year. Each undergraduate student can receive up to six free sessions. The six free sessions will be used for assessment, treatment planning and possibly appropriate referral. If a student exhausts their six sessions, insurance can be used to pay for future sessions. Students without insurance will be billed for future sessions beyond the sixth. In cases of financial hardship, the fee for counseling may be reduced. No student is ever denied service because they cannot afford payment.

All graduate and postbaccalaureate students can receive a free initial consultation with a counselor for appropriate referral to community providers.

Students are typically seen within a week of requesting an appointment or immediately if there is a crisis. Appointments are weekly and terminate when the student and counselor deem it to be appropriate. When classes are in session, students can access an on-call counselor for emergencies when the Health Center is open (9 a.m. to 7 p.m. Monday – Friday and 9 a.m. to 2 p.m. Saturday and Sunday) during the academic year when classes are in session. When the Health Center is closed, students can reach the on-call counseling service by calling 610-526-7778 for problems that cannot wait until the Health Center reopens at 9 a.m.

Depending on student interest, support and psycho-educational groups may be offered throughout the year on a variety of issues. For further information, please see the Counseling Services website.
DRUG AND ALCOHOL EDUCATION AND COUNSELING SERVICES

Educational Programming: Entering first-year students are required to complete the online alcohol education program, Alcohol Edu, during the summer before the start of the first year. The online program is the first part of an ongoing discussion about campus norms that continues during the Wellness course which all first-years are required to take during their first semester. Throughout the academic year, educational programs are offered for students about the physical, emotional and social consequences of alcohol and other drug use for the individual and the College community. The goal of these programs is to empower students with the information they need to make responsible choices and to develop healthy social skills.

Party-host trainings are offered throughout the semester for those who choose to host parties. These trainings review the Bryn Mawr College alcohol and party policies (see pages 158 and 162), the Pennsylvania state laws concerning the distribution and consumption of alcohol (see page 153), and the risks and liabilities of anyone, regardless of age, who serves minors. Also included in the training are low-risk guidelines for drinking, information about how blood-alcohol content affects behavior and judgment, and how to care for an intoxicated person.

Counseling can be arranged through the Health Center by calling 610-526-7360. Confidential individual counseling/information sessions are also available, by appointment, for any student who has questions or concerns about their own use of alcohol or other drugs, or that of a friend. Students can talk to the counselor about someone they care about without revealing the person’s identity. Confidentiality is assured unless the situation is life-threatening.

Support groups may be offered throughout the year on a variety of drug and alcohol issues, depending on student interest.

Resource and Referral: A drug and alcohol counselor is available as a resource to students. The Health Center has books and educational videos on addiction and related topics. These materials are available to students for both personal or research purposes. Also, an alcohol self-assessment is provided below to help you determine whether you should be concerned about your alcohol use.

- Do you drink when you feel depressed, hoping it will make you feel better?
- Do you need alcohol to feel sexy or to flirt?
- Do you regularly use alcohol to relieve menstrual cramps? To help you sleep? To calm your nerves or handle stress?
- Do you sometimes feel uncomfortable if alcohol is not available?
- Do you sometimes feel guilty about your drinking or worry that your friends/family know how much you drink?
- Do you sometimes forget what happened after a night of drinking?
- Do you do things when you’re drinking that you normally wouldn’t do?
- Do you feel depressed or irritable after drinking a lot?
- Do you become defensive when someone mentions your drinking?
- Do you avoid eating on a day when you are going out drinking?
- Do you sometimes miss classes or appointments because of drinking or hangovers?
- Do you feel social only when you drink?

If you have answered YES or SOMETIMES to several of these questions, you should contact the drug and alcohol counselor for further information by calling the Health Center at 610-526-7360.

SEXUAL ASSAULT COUNSELING AND CARE

While the College attempts through its programs and policies to prevent sexual assault from occurring, it recognizes that significant numbers of women throughout the nation are sexually assaulted while they are college students. The College is committed to helping any of its students who have experienced sexual assault. Counselors, health center personnel, residential life staff, campus safety officers, and deans will support a student as she goes through the recovery process. Title IX requires that the College investigate reported and suspected cases of sexual assault. The College is also committed to assisting a student in lodging charges with local police, if she so desires; holding disciplinary hearings to adjudicate formal accusations; and disciplining any student found to have violated the policy concerning sexual assault.

The College also recognizes that most campus sexual assaults involve people who are acquainted with one another. Coercive or violent acts between people who, because of their membership in the College community, must continue to interact with each other are particularly traumatic to the victim and violate the trust that is essential to the College’s mission and sense of community. Therefore, should a sexual assault be reported, the College shall take reasonable action to protect the accusing student from any unnecessary or unwanted contact with the accused.

Options for Students Who Have Been Sexually Assaulted

Any student who is sexually assaulted is strongly encouraged to seek help either from resources available through the College or from outside sources. The following is a short list of options available to students seeking help at Bryn Mawr. More detailed information about each option is provided below.

- You may contact the Bryn Mawr College Health Center (610-526-7360) to receive medical care, speak to a counselor, and/or discuss other options confidentially.
- You may go to Bryn Mawr Hospital to receive a medical examination, which is admissible in court as evidence of an assault.
- You may call Bryn Mawr College Campus Safety (x7911, 911 in emergencies) to arrange for transportation to the Health Center or to Bryn Mawr Hospital, and/or to report that a sexual assault has taken place.
- You may call the Bryn Mawr College Title IX Coordinator (Stephanie Nixon; 610-526-6571) to report that a sexual assault has taken place and to initiate the College’s investigation.
- You may call Lower Merion Township Police (610-642-4200) to arrange transportation to Bryn Mawr Hospital, to report a sexual assault or to request emergency medical assistance.

Medical Care: You are strongly encouraged to receive medical care after an assault. Because sexual assault can be physically and emotionally traumatic, you may not know whether or not you have been injured. Medical personnel at the Health Center or the hospital can answer questions you may have about health concerns. A follow-up exam is recommended to retest for pregnancy and sexually transmitted diseases (STDs), and to be sure that no other injuries were sustained during the assault.

The Health Center is able to counsel you on your options for medical care. The Health Center can care for your medical needs after an assault but it is important to know it is not admissible in court as evidence an assault has taken place. If you think you may wish to press charges at any time, the Health Center personnel will recommend that you go to Bryn Mawr Hospital, where medical evidence can be preserved for the police in a legally permissible way.

The Health Center is able to check for internal injuries, test for pregnancy and STDs and provide someone with whom you can talk. The Health Center can also provide information and testing for HIV. (HIV testing at the Health Center is confidential.) The Health Center can provide medication to help prevent STDs. In addition, emergency contraception is available to prevent pregnancy. The Health Center will keep all information confidential; the assault will not be reported to the police, Campus Safety, parents or other College personnel without your permission. If it is determined that you or another member of the College community is in danger, necessary information will be released to the appropriate administrators without revealing your identity.

The Health Center can assist you in finding any medical or emotional support that you need, including counseling on- or off-campus.

Bryn Mawr Hospital is able to provide medical services that fulfill legal standards of evidence—a “rape-kit” examination. The rape-kit examination preserves medical evidence that can be used in court. Having a rape kit done does not require you to press charges. It merely gathers evidence should you wish to prosecute at some time. It is recommended that you do not shower, bathe, douche or change clothes if you want to preserve evidence. You may want to bring a change of clothes to the hospital in case you are needed by the police.

Bryn Mawr Hospital will test for pregnancy and STDs, offer medication to prevent STDs, and prescribe emergency contraception. The hospital is required to notify the police that a sexual assault may have occurred.

7. COMMUNITY POLICIES

BILLING AND PAYMENT POLICY:
Fall semester bills are sent during the first week of July and payment is due on or before August 1. Spring Semester Bills are sent during the first week of December and payment or is due on or before January 2.

The College reserves the right to prevent a student from registering for classes, attending class or entering residence until payment of the College charges has been made each semester. No student may preregister for the next semester, participate in room draw, order a transcript, participate in summer internships, employment or fellowships, hold leadership positions, participate in graduation, or receive a diploma until all accounts are paid, including the activities fee assessed by the student Self-Government Association officers. This fee covers class and hall dues and support for student organizations and clubs. All resident students are required to participate in the College meal plan.

BI-COLLEGE ALCOHOL AND DRUG POLICIES
All students are responsible for acting in accordance with the College’s Alcohol and Drug Policies, which are distributed to students each year via this Handbook. These policies assert that each student is responsible for conducting herself or himself in ways consistent with federal, state and local laws, for following College party rules and for assisting those impaired by alcohol or drug use in the interests of their health and well-being. Impairment due to alcohol or drug use is never an excuse for misconduct. The College will not contribute to the cost of a legal defense for those who violate drug or alcohol laws and rules. Alcohol or drug policy infractions may result in a Dean’s Panel, Honor Board proceeding, or other College or SGA disciplinary action.

The care and concern for other individuals which are embodied in the Social Honor Code should govern a student’s response to a violation of the Bi-College alcohol and drug policies. When a student is concerned about another student’s alcohol or drug use or its self-destructive potential, she or he may express that concern and, if appropriate, encourage that student to seek confidential help from one of the counselors, nurses or physicians on either campus or from a professional off campus. A student with questions about how best to confront or intervene on behalf of another student may seek guidance from a drug and alcohol counselor, counselor or dean. Advice may be sought without revealing the identity of the student needing help, if that seems best.

THE ALCOHOL POLICY
The Alcohol Policy, in conjunction with planned educational activities and support services, is designed to achieve the following goals:
- to remit students of the laws of the Commonwealth of Pennsylvania and of the Social Honor Codes, both of which govern their behavior with respect to alcohol;
- to stress moderation, safety and individual accountability for those who choose to drink;
- to maintain a Bi-College social atmosphere that is free of coercion for those who choose not to drink and a climate in which alcohol is not the focus of parties or other social events;
- to maintain a Bi-College community in which alcohol abuse and its effects are minimal;
- to provide confidential and effective guidance for those with specific needs related to alcohol use and alcoholism; and
- to provide information and education about the effects of alcohol for all students.

All members of the Bi-College community are expected to be familiar with and abide by the principles of the Alcohol Policy.

It is the duty of all students to conduct themselves in a manner consistent with the Honor Codes, in addition to helping others to do the same. With regard to the consumption of alcohol, students are responsible for their own well-being. Behavior that puts students at mental, physical and/or legal risk cannot be condoned.
1. Students who choose to consume, provide or serve alcohol, with an understanding of the responsibilities imposed by Pennsylvania law, should do so with a sense of responsibility and concern for themselves and others. Students also have the responsibility to confront others whose behavior under the influence of alcohol is inconsistent with their welfare and concern for others in the community. When community members lose their ability to reason and control their actions due to excessive alcohol consumption, it is threatening to them, to those around them, and ultimately to the community as a whole. Students are urged to accept responsibility for preventing themselves and others from ever reaching that point.

2. Since the majority of students are under 21, the legal drinking age in the Commonwealth of Pennsylvania, alcoholic beverages are not to be served or consumed at student parties open to and/or advertised in the College, Bi-College, or Tri-College community. Additionally, alcoholic beverages can neither be served nor consumed at open parties held in public spaces. These include:
   a. At Bryn Mawr: Cambrian Row, the Campus Center, Guild Hall, Thomas Hall, Goodhart, Applebee Barn, Schwartz Gymnasium, all corridors, stairwells, landings, basements, attics and courtyards, laundries, all dining halls, Arnecliffe Studio, Pembroke Dance Studio, classroom buildings, the Dorothy Vernon Room, Canaday Library, outdoors on College grounds.
   b. At Haverford: Founders Great Hall and Common Room, the Dining Center, Lunt Party Room, the Old Gymnasium and Alumni Field House, Marshall Auditorium, MacCrate Recital Hall, all corridors, stairwells, roofs and attics, Stokes Auditorium, classroom buildings, Magill Library, outdoors on College grounds. With special permission, parties at which only those 21 years of age and older are served alcohol may be held in public spaces.

3. Students who consume alcohol where it is forbidden under Section 2 of this Policy, and thereby place the hosts, the Colleges, and the students who administer party funds at risk and in jeopardy, should be asked to refrain from violating the Policy by the host or other party guests. In incidents where students feel that a violation of the Alcohol Policy has occurred and where the confronting party and the confronted individual fail to reach a resolution, they should follow the procedure of the campus on which the incident occurred. At Haverford, disregard for these Alcohol and other Party Policies should be brought to the attention of the joint Student-Administration Alcohol Policy Panel, composed of three members of Student Council, three members of Honor Council, two appointed members at large, and two deans.

4. Intoxication shall not be seen as an acceptable or justifiable excuse for disruptive behavior and confrontation for such behavior shall be dealt with as in the realm of each campus’s Social Honor Code.

5. When confronting an individual does not or cannot lead to a satisfactory resolution of a problem, the individual whose behavior allegedly violates the Codes and expected conduct of the Colleges, in accordance with the procedures of the Social Honor Codes, shall ultimately be brought to the attention of the Honor Board or Honor Council.

6. The Honor Board/Council will bring a case to the attention of the Office of the Dean of the appropriate College if there is a threat to the lives or safety of individuals or of damage to College or private property resulting from inebriation or a violation of the Alcohol Policy. Flagrant or repeated violations of party guidelines could constitute such a case. Such behavior may result in separation or exclusion of the confronted person(s) from the Colleges.

7. In some cases, the Honor Board/Council or the Office of the Dean will consult counselors who have expertise in alcohol abuse and alcoholism if such expertise is deemed relevant. Such consultation will take place only with the confronted person’s knowledge.

8. Coordinators of parties and other social events must abide by the Policy of the host campus.

9. It is expected that hosts will inform their guests of the provisions of the Honor Codes, including the Alcohol Policy. Should the provisions of this Policy be violated by non-Bi-College members, their further access to these campuses may be restricted.

10. Faculty and staff members who entertain students should be aware of the responsibilities and risks to the Colleges and to themselves as individual social hosts under the laws of the Commonwealth.

11. Groups sponsoring social events must abide by the host campus’ Party Policy. If party guidelines are not followed by guests or hosts, it is the responsibility of students aware of the violation to approach those in violation and seek a resolution.

THE DRUG POLICY
The drug policy, in conjunction with planned educational activities and support services, is designed to achieve the following goals:

• to remind students that the Social Honor Codes, the federal laws and the laws of the Commonwealth of Pennsylvania do apply to their behavior with respect to the use of drugs;
• to stress individual accountability for those who choose to use illegal drugs;
• to maintain a Bi-College community where the harmful effects of drug use can be minimized;
• to inform the members of the Bi-College community of the availability of confidential and effective guidance and resources for those with questions and concerns related to drug use, dependence and abuse; and
• to encourage all members of the Bi-College community to become familiar with the physiological, psychological and legal aspects of drug use, dependence and abuse.
All members of the Bi-College community are expected to be familiar with and abide by the principles of the drug policy. This policy stresses prevention and concern; it charges the community with the responsibility for drug education, intervention and heightened awareness of campus resources for dealing with drug problems. It also asks us to consider the relationship between the individual and the community, and the question of responsibility to one’s peers. In many cases, choosing not to intervene in another person’s abuse of drugs is not a neutral position. By not interfering, we become an enabler. In claiming to allow abusers their individual freedom of choice, we may in fact be limiting their choices by reinforcing their attitudes and behavior. In summary, we have a responsibility not to withdraw from the community either by abusing drugs or by ignoring the abuse of drugs.

1. The illegal possession, use, sale or distribution of drugs is in violation of the law, and the Colleges will not protect students from prosecution under federal, state or local law.

2. Students have the responsibility to confront and/or intervene on the behalf of individuals whose use of drugs or actions under the influence of drugs presents a danger to themselves and/or to the community at large.

3. The Colleges as educational institutions, being concerned about the harmful effects of the illegal use, possession, sale or distribution of drugs on the individual, and on the integrity, safety and security of this academic community, do not condone the illegal use, possession, sale or distribution of drugs. The administrations of Bryn Mawr and Haverford Colleges reserve the right to act when they have reason to believe that involvement with drugs is having an adverse effect upon the life and/or academic performance of students or adversely affects or legally implicates others in the academic community. College action may take such forms as education, counseling, referral to outside agencies, separation or exclusion, depending on the situation.

Procedures
A student’s response to a violation of the Bi-College drug policy should be governed, first of all, by the care and concern for other individuals which are embodied in the Social Honor Codes. The following guidelines are not meant to cover all situations. They are intended, instead, to remind students of the variety of resources available and to reassure them about the consequences of seeking help.

When a student is concerned about another student’s drug use and its self-destructive potential, he or she should express his or her concern and, if appropriate, encourage that student to seek confidential help from one of the counselors, nurses or physicians on either campus or from a professional off campus. If confrontation does not seem appropriate or proves ineffective, the concerned individual should turn to the drug and alcohol counselor, a counselor, the counseling director, the medical director or dean for advice on how to intervene and help. Advice may be sought without revealing the identity of the student needing help.

If a student’s behavior as a result of drug use has disturbed or harmed other individuals or the community in a more general sense, the behavior itself should be dealt with through the usual Honor Code procedure at either college, beginning with confrontation. If mediation is necessary, the members of the Bryn Mawr Honor Board or the Haverford Honor Council should be consulted. The drug use that may have caused the behavior should not be viewed as an excuse, but as a second problem for which the individual may be encouraged to seek help from a professional counselor. In cases where the Honor Council or Board is asked to intervene, they will deal with the specific behavior that has been brought to them and may recommend that the individual go to a counselor for evaluation and help with any underlying substance abuse. Problems with behavior related to drug use that involve Bryn Mawr graduate students or special students who are not bound by the Social Honor Code should be referred to the Deans of the Graduate Schools if they cannot be resolved by the individual concerned. If an individual’s involvement with drugs is such that it, or behavior associated with it, is violent or life-threatening, it should be brought to the attention of a dean or College physician without delay by any member of the community who becomes aware of the situation. Thus, a counselor, peer educator, dean, physician, or Honor Board/Council member who was working with a student on any aspect of his or her involvement with drugs would, as in any other life-threatening situation, be bound to report the problem to the Dean of the appropriate college when the potential for violence or loss of life requires immediate administrative action.

Some cases, such as the sale or distribution of drugs, may not present immediate danger to life but may have legal implications which are administrative concerns, as well as social consequences which are student concerns. In these situations, joint action by the Dean and the Honor Board/Council may be necessary.

Policy on Drug-Free Schools
The unlawful possession, use or distribution of illicit drugs and alcohol poses a threat to the health and safety of all members of the Bryn Mawr College community and is not permitted. The sanctions for the unlawful possession, use or distribution of illicit drugs and alcohol are defined in the Pennsylvania Controlled Substance, Drug, Device and Cosmetic Act (35 P.S. Sections 780-101 to 780-144); Controlled Substances Forfeiture (42 Pa.C.S. Sections 6801-6802); the Pennsylvania Crimes Code (18 Pa. C.S. 6307-6314); the Pennsylvania Motor Vehicle Code (75 Pa. C.S. 1546-1547; 3715, 3731); and the Lower Merion Township Code (Article IV, Section 111-4). These statutes are on file at the reference desk in Canaday Library. A summary of federal law and relevant sanctions is also on file.

The College’s policies on disciplinary sanctions for students are stated in this Handbook. Policies on sanctions for faculty and staff are stated in the handbooks appropriate to them. This policy is instituted effective immediately, to comply with the Drug Free Schools and Communities Act of 1989 (P.L. #101-226). No institution will receive federal financial assistance of any kind after October 1, 1990, unless it has certified that it has “adopted and implemented a program to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees.”

The College will conduct a biennial review of its program to determine its effectiveness, implement needed changes, and ensure that it is consistently enforced.

Policy on a Drug-Free Workplace
The College, as an employer, and students as employees of the College have obligations under the Drug-Free Workplace Act of 1988 (41 U.S.C. Section 701). The College’s statement of compliance is reproduced here.

The use of illegal drugs poses a threat to the health and safety of members of the Bryn Mawr College community. Therefore, the illegal use, possession, dispensation, distribution or manufacture of controlled substances (as defined in federal statutes) by any faculty, staff or student employees in the workplace is not permitted.

As a condition of College employment, every employee shall abide by the terms of this policy, and he or she shall notify his or her supervisor of any criminal conviction for a violation occurring in the College workplace no later than five days after such conviction. Any employee found in violation of these prohibitions and regulations may be required to participate in a drug-abuse assistance or rehabilitation program and shall be subject to disciplinary action, which action might include dismissal. Information regarding such assistance or rehabilitation is available through the Health Center, the campus physician and Crossroads. All of the insurance programs offered to staff, faculty and students through the College provide some form of support to persons in various forms of treatment for substance-abuse problems.

This policy is instituted, effective immediately, to comply with federal laws and regulations. Federal agencies cannot legally award any contract over $25,000 or any grant monies without certification that the College has implemented a drug-free workplace program.

The College also complies with the Drug-Free Schools and Communities Act of 1989 (P.L. #101-226). Information on federal and state law imposing sanctions for unlawful possession, use or distribution of illicit drugs and alcohol is available at the reference desk of Canaday Library and in the Dean’s Office.

Information on counseling, treatment and rehabilitation programs is contained in the College’s drug and alcohol policies.

This Handbook’s statements on policies and procedures relating to alcohol and controlled substances form part of the College’s compliance with the Drug-Free Schools and Communities Act.

### SMOKING POLICY

In accordance with the Pennsylvania Clean Indoor Air Act and to enable students, faculty, staff, and visitors to avoid exposure to second-hand smoke, the College has enacted a smoking policy that prohibits smoking in all College owned and leased buildings, College athletic facilities (including fields and spectator areas), and College-owned vehicles. Smoking is also prohibited on the plazas in front of Canaday Library, the Campus Center, and the Park Science Building. This policy applies to all faculty, staff, students, contractors and visitors. In addition:

- Smoking is prohibited outdoors within 25 feet of the perimeter of any College building, including arches and covered entrances, to ensure that second-hand smoke does not enter the area through entrances, windows, or ventilation systems.
- Cigarette butts are to be extinguished and placed in appropriate outdoor receptacles. Throwing cigarette butts on the ground or pavement is considered littering.
- “Smoking” also includes the use of e-cigarettes that create a vapor.

The College is committed to assisting students, faculty and staff in making healthy lifestyle choices. Students can go to the Health Center for information and assistance. Faculty and staff who are interested in smoking cessation programs may obtain information from Human Resources. In addition, residents of Pennsylvania can access services available through the PA Free Quitline at 1-800-Quit-NOW (784-8669) or www.determinedtoquit.com.

Penalties for violation of the College’s smoking policy shall be disciplinary action in accordance with general College provisions for misconduct.
STUDENT CLUB AND ORGANIZATION POLICY

Bryn Mawr College is committed to supporting a variety of student clubs and organizations which are consistent with the educational philosophy and mission of the College. Social fraternities or sororities are not permitted at the College. The College has determined that students are better served by the numerous non-exclusive student clubs and organizations which exist on campus. Bryn Mawr College does not recognize the charter of any social fraternity or sorority. No College facilities (including all public and private spaces, bulletin boards, and campus mail) can be used for any social fraternity or sorority activities. Violation of this policy by any student constitutes a violation of the social honor code and may result in disciplinary sanctions.

BRYN MAWR COLLEGE PARTY POLICY

Bryn Mawr College is committed to maintaining a social atmosphere that stresses the safety of all students, whether or not they choose to drink. Moderation, concern for others, and individual accountability should be characteristic of all social activities on campus.

The responsibilities and procedures outlined in the attached Party Policy are in addition to those required by the Social Honor Code, the Bi-College Alcohol Policy, state and federal law. These policies are available in this Handbook.

Violations of the Bi-College Alcohol and Drug Policies and/or Bryn Mawr College Party Policy that come to the attention of Campus Safety, Residential Life, Student Activities or the Dean’s Office will result in an investigation by these departments. They may result in a Dean’s Panel, by which sanctions will be issued on a case-by-case basis.

In the event that law enforcement officials confront students for unlawful behavior alleged to have occurred, the College will cooperate fully with their investigation.

Party Definition

A Party is an event, wet (with alcohol) or dry (without alcohol), where 30 or more people gather at one time in a residential dorm space.

Wet parties cannot be held in public spaces.

Public spaces include: The Campus Center, Thomas Hall, Goodhart, Applebee Barn, Cambrian Row, Schwartz Gymnasium, all corridors, stairwells, landings, basements, attics and courtyards, laundries, all dining halls, Pembroke Dance Studio, classroom buildings, the Computer Center, The Dorothy Vernon Room, Canaday Library, and outdoors on College grounds.

To hold a dry party in a public space, you should reserve the space at least two weeks in advance through the Office of Conferences & Events (x7329, e-mail: roomres@brynmawr.edu).

Completion of the Party Form

Any student (i.e., party host) in the College community who wishes to host a social event in a dorm living room or an individual’s room with more than 30 people in attendance should read and complete the party notification form in order to help throw a safe and responsible party that abides by the conditions stated in the Bi-College Alcohol and Drug Policies and in the Bryn Mawr Party Policy.

The form is required for both wet and dry parties held in dorm spaces.

Reading and completing this form will help to inform party hosts of their legal liabilities under Pennsylvania state law and allow College officials to help minimize risk to hosts, their guests, and the entire College community.

Party Information Sessions

Any student wishing to act as a host, server, or bouncer at a party must attend a Party Information Session.

Attendance at one session will permit a student to host, serve or bounce parties during the academic year in which the session was attended. Students must be retrained each academic year.

Information sessions will cover the following information: 1) Pennsylvania state and other applicable laws and liability concerning the distribution and consumption of alcohol; 2) The potential for legal liability and potentially the award of damages for party hosts, servers, bouncers, guests, Bryn Mawr College and its agents; 3) tips to ensure safety and respect of residents who live in the dorm where the party will be held.

The schedule of Party Information Sessions will be announced at the beginning of each semester and can be accessed on the Student Activities Web site: www.brynmawr.edu/activities.

Party Advertisement

Because the majority of students are not 21 years of age, the legal drinking age, mass advertisement for wet parties is not permitted.

Mass advertisement includes signs, fliers, posters, mass e-mails, all campus invitations, and open Facebook or invitations through social media.

Dry parties may be advertised using printed and electronic material. A copy of the advertising for dry parties should be attached to the notification form when submitted. Advertising for the party may not begin until the event is approved.

Dry parties cannot be advertised outside of the Tri-College Community.

Party Levels

To help promote the safety of all guests, those wishing to host a party must select a party level. Party levels were developed, along with defined roles, to make it easier for students to throw a successful party that ensures compliance with the Bryn Mawr College Party Policy, the Bi-Co Alcohol Policy, and federal and state law.

Level 1

- 30-60 guests expected
- 2 hosts and 2 servers must be present at all times
- Batten, Breighn, Merion, Pembroke East, Pembroke West, and Radnor living rooms have a capacity of 60 people and can host Level 1 parties.

Level 2

- 61-100 guests expected
- 2 hosts, 2 servers and 3 bouncers must be present at all times
- Erdman, Rhoads North, Rhoads South, and Rockefeller living rooms have a capacity of 100 people and can host Level 1 and Level 2 parties.

Level 3

- 101+ guests expected
- Hosts wishing to have a Level 3 part must meet with Student Activities and Campus Safety two weeks prior to party to determine needs. Hosts should be aware that an increased level of support may be necessary.
- Guest sign-in required
- Wristbands required for identifying those over 21
- Parties held in multiple dorm lounges within the same dorm at the same time will be considered level 3 parties.

Health and safety concerns in relation to specific parties or events may require additional restrictions.

Alcohol Limits

Party hosts, servers, bouncers and guests should keep in mind the legal drinking age is 21 years old in the United States. Students under 21 must not be served alcohol.

Guests at wet parties must be served no more than 4 drinks at any party. Common source containers (other than kegs) are not permitted.
Party Host Responsibilities
The following are the responsibilities that party hosts must take on at a party. Please be aware that the only people permitted to act as party hosts at the party are those who are listed on the party form as party hosts.

Before the party:
- Discuss with the dorm president specific dorm policies concerning quiet hours, bathrooms, use of common areas, smoking, etc.
- Discuss the party with Housekeeping in order to determine pre-existing damage to the party space and obtain supplies for the post-party clean-up.
- Obtain signatures of the appropriate dorm president on a party notification form and submit the form to Student Activities by 9 a.m. the Tuesday prior to the event date.
- If party is a wet party, hosts must identify at least one host who is 21-years-old and a 21-year old host must be present at all times during the party if alcohol is to be served.
- Read the Bi-Co Alcohol Policy and statements concerning applicable Pennsylvania state law in this Handbook.
- Notify dorm residents that a party will take place by posting signs that include the party’s date, time, location, and hosts. Residents should be notified 72 hours in advance and should be able to contact hosts with questions or concerns.
- Purchase food and beverages, including non-alcoholic beverages.

During the party:
- Hosts must make sure that servers and bouncers understand the role they are to play in the party and should check in with them throughout the party.
- Hosts must prominently display a sign stating “You must be 21 years of age to consume alcoholic beverages in the Commonwealth of Pennsylvania.”
- All hosts wear the party host button provided by the Student Activities Office.
- Hosts must post the approved party notification form near the entrance.
- Hosts must be sober at all times and must not be drinking during the party.
- One host who is 21 years of age must be present at all times if alcohol is to be served.
- Hosts must provide food and non-alcoholic beverages.
- Must designate a bathroom for party guests and designate areas that are off-limits to guests.
- Hosts must end the party by 2 a.m. Parties must not exceed more than 4 hours in length.

After the party:
- Hosts must clean up immediately and thoroughly. They must not leave the mess overnight.

Server responsibilities
The following are the responsibilities that servers must take on at a party.
- Servers are responsible for setting up, maintaining, and serving from a designated area from which all alcohol will be served. As a server, you are the only person permitted to distribute alcoholic beverages.
- Servers must be clearly identified and should wear the server button provided by the Student Activities Office at all times during the party.
- Servers must be sober at all times and must not be drinking during the party.
- Servers must ensure that no one under the age of 21 is served alcohol.
- Servers must refuse to serve people who are visibly intoxicated and/or seems in danger of hurting themselves or someone else.
- Servers must mark the hand of those they distribute drinks to each time they serve a drink and serve no more than four drinks per party attendee.

Bouncer Responsibilities
The following are the responsibilities that bouncers must take on at a party. Bouncers may switch positions with other bouncers during the party if they wish and should be aware that they may be called upon to perform the following duties at any time during the party:
- Bouncers must be clearly identified and should wear the bouncer button provided by the Student Activities Office at all times during the party.
- Bouncers must check ID’s at the door. Bouncers must check to make sure that everyone attending the party is either a Tri-Co member or a guest of a Tri-Co student.
- Guests must be signed in at the door (for level 3 parties). A guest is someone other than a Tri-Co student.
- Bouncers must keep track of the party space capacity with a counter (provided by the Student Activities Office). Bouncers must know and enforce the capacity of the party space and should stop admitting guests to the party once capacity is reached.
- Bouncers must be stationed at every entrance point to the party and must make sure that party guests only enter through the designated entrance way.
- Bouncers must be stationed in any hallway leading to the party location and must prevent access to the dorm from the party. They must make sure the party remains in the reserved party space.
- Bouncers must make sure that no one brings in or leaves the party with alcohol and must turn away people who are visibly intoxicated.
- Bouncers must assist the host when she wants to eject someone from the party.
- Bouncers must be sober at all times and must not be drinking during the party.

Guest responsibilities
- Guests must be members of the Tri-College community or guests of a Tri-Co community member.
- Tri-Co community members are not permitted to bring more than 3 guests to a party.
- Guests must abide by College policies, the Honor Code, and Pennsylvania state law.
- Guests must behave responsibly, keeping in mind their own personal safety and the safety of others.
- Guests must cooperate with the requests of party hosts, bouncers and servers and College personnel to ensure that order and student well-being are maintained.
- Guests should attempt to intervene when individuals seem in danger of hurting themselves or anyone else.
- Guests should notify hosts about potential problems and alert Campus Safety if assistance is needed.

Substitutions
Should someone scheduled as a host, server or bouncer not be able to work the party, the main party host must inform the Student Activities Office by noon on the day before the party. It is the responsibility of the main party host to make sure the substitution meets all qualifications and is aware of the responsibilities involved.

Substitutions can be e-mailed to studentactivities@brynmawr.edu.

Violations
Students are encouraged under the Honor Code to report violations occurring at parties. Students wishing to report violations should contact either the Honor Board or any member of the Dean’s staff to report the violation.

Violations may be investigated by the Honor Board and/or any member of the Dean’s staff. Depending on their severity, violations may be referred to the Honor Board and/or may be subject to a Dean’s Panel.

Sanctions for violation of the Party Policy may include but are not limited to escalating monetary fines, all campus educational programs and/or campaigns, and/or revocation of party host, server and/or bouncer privileges for the duration of the violator’s time at the College.
Hazing Policy

The infliction of physical or emotional distress on a community member for the purposes of initiation or entry into any organization, club or group is inconsistent with Bryn Mawr’s values and will not be tolerated. The Commonwealth of Pennsylvania’s anti-hazing law defines hazing as “any brutality of a physical nature, such as whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of any food, liquor, drug or other substance, or any other forced physical activity which could adversely affect the physical health and safety of the individual, and shall include any activity which would subject the individual to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual, or any willful destruction or removal of public or private property.” Reports of hazing activity should be made to any Campus Security Authority, such as the Dean of the Undergraduate College, an Associate or Assistant Dean, the Director of Campus Safety, a Residential Life staff member, or an athletic coach. Allegations of hazing will be investigated and may lead to a Dean’s Panel and/or criminal charges.

College Policies on Sexual Assault

Policy Concerning Sexual Assault

No person shall sexually assault any member of the student community. Students shall be free to report any sexual assault without fear of retaliation. Retaliation or threats of retaliation against a student bringing a charge of sexual assault will be treated as a separate and serious violation of College policy.

For the purposes of this policy, sexual assault is defined as any act in which a member of the student community is forced to engage in sexual activity against her/his will or without her/his consent, including situations in which physical sexual acts are perpetrated against a person’s will or when a person is incapable of giving consent due to use of drugs or alcohol or due to an intellectual or other disability. Consent must be mutual and unambiguously communicated agreement to participate in sexual activity. “Sexual assault” as used in this policy includes not only physically assaultive behavior but also extreme verbal threats, physical or verbal intimidation, and/or indecent exposure. Although Pennsylvania criminal law distinguishes between rape and sexual assault (defining rape as involving penetration), the College policy defines as unacceptable any act in which one person forces another or attempts to force another to engage in any sexual act.

Reporting Procedures

Any undergraduate students who believe they have been sexually assaulted or that an act of sexual assault has taken place may notify any Campus Security Authority, such as the Dean of the Undergraduate College, an Associate or Assistant Dean, the Director of Campus Safety, a Residential Life staff member, a hall adviser, or an athletic coach. Any one of these people will notify the Title IX Coordinator as soon as possible that an allegation of sexual assault has been made.

The first concern of any official to whom an assault is reported will be the well-being of the student allegedly assaulted. In particular, the official will inform the student of both on- and off-campus resources available and help the student make contact with the resources they choose.

The second concern of College officials must be the safety of the community. If there is reason to believe that an assailant is at large who poses an immediate threat to other members of the community, the Title IX Coordinator and the Director of Campus Safety will take action to protect the campus. In doing so they will reveal no information that might allow the student reporting the assault to be identified, unless compelled by Court process to do so.
B. The College’s Efforts to Address Discrimination, Discriminatory Conduct and Harassment

To foster and preserve equality of academic and professional opportunity, freedom of inquiry and expression, and equality of access to its resources and programs for all members of the community, the College has established several offices and committees and supports a number of groups dedicated to specific aspects of this goal. In this way the College supports educational efforts, such as workshops, professional training and development, and information sessions intended to encourage awareness of and sensitivity to the problem of discrimination and discriminatory conduct and to inform all members of the community of their right to equality of opportunity. The College also makes resource persons available for discussion and advice about possible complaints and the informal and formal procedures for resolving them. The following list is not exhaustive.

1. The Diversity Leadership Group is composed of the President of the College, the Assistant Dean and Director of Leadership and Community Development, a Faculty Diversity Officer, the Equal Opportunity Officer and Staff Issues Liaison, the Director of Diversity, Social Justice and Inclusion & Title IX Coordinator, the Director of Admissions and the Executive Director of the Alumnae Association. The Group meets frequently to discuss how to move diversity initiatives at the College forward in constructive ways.
   • The Assistant Dean and Director of Leadership and Community Development is responsible for leading the Pensby Center and for the development of programs and activities addressing issues of diversity for the students, faculty and staff of the College.
   • The Faculty Diversity Officer carries dedicated responsibility for faculty issues such as attention to diversity in faculty searches and collaborating with faculty on programs to advance diversity on campus.
   • The Equal Opportunity Officer monitors campus programs to assure compliance with local, state, and federal rules, regulations, and laws and recommends, coordinates, and assists in the implementation of long range diversity plans. The EOO is available to any member of the Bryn Mawr community for confidential consultation about possible incidences of discrimination or harassment.
   • The Staff Issues Liaison is available to members of the Bryn Mawr community who would like to discuss workplace diversity issues in a confidential, “off-the-record” environment. She/he will assist in the interpretation and application of policy and help members of the community find the appropriate resources and forums for resolving their concerns.
   • The Director of Diversity, Social Justice and Inclusion & Title IX Coordinator monitors compliance with and oversees the overall implementation of Title IX for the College. Title IX sets out the standards for the College to follow regarding prevention and investigation of sex discrimination.
   • The Director of Admissions is responsible for collaboratively implementing a strategy to recruit, support and retain a diverse undergraduate student body of outstanding intellectual ability and is interested in all activities that relate to supporting diversity on campus.
   • The Executive Director of the Alumnae Association represents the needs and interests of the College’s diverse and engaged alumnae and ensures that their connection to Bryn Mawr is maintained and strengthened through the various activities and programs of the Alumnae Association.

2. The College’s Equal Opportunity Advisory Committee meets regularly to review campus concerns, complaints, or grievances particularly as they affect issues of discrimination and harassment. The Equal Opportunity Advisory Committee works in concert with the Accessibility Advisory Committee (see below) and other campus offices and committees charged with maintaining the quality of the Bryn Mawr experience.

3. Department Chairpersons, Administrative Heads, Deans and Directors. All chairpersons of academic departments, heads of administrative offices, deans, assistant and associate deans, and directors of services or divisions are available for discussion of possible complaints or problems.

4. The Diversity Council supports the mission of the Diversity Leadership Group (DLG) and that of the College as both a ‘think tank’ and as ‘outreach facilitators’ who attend to the curriculum; campus climate; and College programs that foster inclusiveness and diversity. The Council is convened and chaired by The Pensby Center’s Director of Diversity, Social Justice and Inclusion and membership includes faculty, staff, undergraduate and graduate students.

5. The Accessibility Advisory Committee is convened by the coordinator of Access Services and composed of administrators, faculty, staff and students. The committee meets once a semester to monitor the College’s efforts to provide equal access for individuals with disabilities in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. The committee works to promote the full participation of individuals with disabilities in the College’s programs, services and activities.

6. The Honor Board of the Undergraduate College has the responsibility of administering the academic and social honor codes governing undergraduate student life on campus.

7. The Office of Campus Safety is responsible for maintaining a safe and secure environment for all members of the community by protecting life, safety and property on campus. Any member of the community whose personal safety is jeopardized or who is threatened, verbally or physically, by any act of discrimination or discriminatory conduct should report this to the Director of Campus Safety, who can offer advice about personal safety and preventing victimization.

8. Anonymous harassment can also be reported to the Director of Campus Safety, and the director is consulted by those who receive reports of anonymous harassment about the options for investigation of these complaints by the College. If necessary, the Director of Campus Safety will consult law-enforcement agencies during the investigation.

9. Resource Persons. All members of the community are individually and personally responsible for refraining from discrimination and discriminatory conduct, for contributing to the creation and preservation of an atmosphere free of discrimination and discriminatory conduct, and for making the life and the programs of the College as inclusive as possible. However, certain persons are institutionally responsible for monitoring and improving the climate for members or officers of specific groups and for responding to complaints related to their areas of responsibility.
   • The staff members in the Office of International Programs handle immigration matters and questions of adjustment or re-entry to the United States. They work with various campus organizations on programming for the entire community to increase awareness of the world’s many cultures and to address issues of cross-cultural communication and interaction.
   • Religious Advisers are campus ministers and advisers representing various religious denominations who are assigned to the College. They conduct religious services and advise study groups and campus organizations such as the Jewish Student Union, Catholic Students and the Muslim Students Association. They are available for consultation about concerns or problems related to discrimination on the basis of religious belief or practice, and for advice and counseling about interpersonal communication and interaction.

C. Statement of Procedures Concerning Sexual Harassment and Other Forms of Harassment And Discrimination

It is the policy of Bryn Mawr College to maintain a work and academic environment free from discrimination and offensive or degrading remarks or conduct. Unlawful discrimination, including sexual harassment and sexual violence, will not be tolerated.

The College is committed to maintaining an environment in which all members of the community, staff, students and faculty, are treated with respect and dignity. It is the policy of the College not to discriminate on the basis of sex, including sexual harassment, in any of its programs, activities or employment practices. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct constitute sexual harassment when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or academic treatment, or is accompanied by implied or overt threats concerning one’s job, grades, letters of recommendation, etc.;
Sexual harassment can include verbal behavior such as unwanted sexual comments, suggestions, jokes or pressure for sexual favors; nonverbal behavior such as suggestive looks or leering; and physical behavior such as pats, where such behaviors are severe, offensive, and occur repeatedly unless a single instance is so severe that it warrants immediate action.

Some specific examples of behavior that are inappropriate include:
- Continuous and repeated sexual slurs or sexual innuendoes.
- Offensive and repeated risqué jokes or kidding about sex or gender-specific traits.
- Repeated unsolicited propositions for dates and/or sexual relations.

**Definition of Discrimination**

Discrimination is unequal or disparate treatment of groups or individuals, including their exclusion from any of the College’s programs or activities, or any attempt to hinder access to the College’s resources on the basis of race, religion, color, age, national origin, physical ability, sex or sexual orientation. Prohibited sex discrimination includes both sexual harassment and sexual violence. Further information regarding sexual violence is found in the Sexual Assault Policy on page 151 of this Handbook. It is important to recognize that not all conduct that might be offensive to an individual or a group necessarily constitutes discriminatory conduct. Whether a specific act constitutes discrimination must be determined on a case-by-case basis in light of all relevant circumstances.

**Individuals Covered Under This Policy**

This policy covers all staff members and faculty members as well as students. The College will not tolerate, condone or allow harassment or discrimination, whether engaged in by fellow staff members, students, faculty members or non-employees who conduct business with the College.

**Reporting a Complaint of Harassment or Discrimination**

If College community members believe they are being harassed or discriminated against by staff members, students or faculty members or any other person in connection with a community member’s obligations at the College, or if a community member is aware that another member has been harassed or discriminated against, it is the community member’s responsibility to take the following steps:

- Staff or faculty members should take action immediately by discussing their concerns with their supervisor, the Director of Human Resources, the Equal Opportunity Officer or the Title IX Coordinator.
- Students should take action immediately by discussing their concerns with their dean or the Title IX Coordinator.

If community members are uncomfortable for any reason in discussing this issue with these individuals, community members may contact the President of the College, who will help community members to find appropriate College officials with whom to discuss their concern. The College encourages prompt reporting of complaints so that a rapid response and appropriate action may be taken. No retaliation against employees or students who make a good-faith report of a violation of this policy will be tolerated.

**Investigating the Complaint**

The College will investigate promptly all complaints of violations of this policy. The investigation will include interviews with the parties who are directly involved and possibly with others. These interviews may be conducted by the Equal Opportunity Officer, the Title IX Coordinator, deans, Staff Issues Liaison, Campus Safety officers or others as the circumstances warrant. Both parties will have an opportunity to present any information that they have to those investigating a complaint, and both will be kept informed in a timely manner of information used in the investigation to the extent possible, consistent with FERPA and confidentiality constraints. Both parties will be updated periodically regarding the status of the investigation. In its investigation, the College will find that harassment/discrimination has occurred if the information collected indicates that it is more likely than not that sexual harassment or sexual violence occurred. The College will complete its investigation within 60 days after its receipt of a complaint, unless circumstances not within the reasonable control of the College require additional time, in which case both parties will be informed of the delay and the reason therefor. Each situation will be responded to promptly and handled as expeditiously and discreetly as possible.

**Resolving the Complaint**

If the College determines that this policy was violated, it will take corrective action as warranted by the circumstances. Resolution of complaints against Bryn Mawr College students and employees can include requiring an apology, transfer, direction to stop the behavior, counseling or training, suspension without pay or termination of employment or in the case of students, temporary separation or permanent exclusion from the College. Both parties involved will receive written notice of the resolution of the complaint within one week of the conclusion of the investigation. If it is determined that sexual harassment or sexual violence did occur, the College will include in its resolution steps to correct a recurrence of harassment and, when applicable, steps to correct the discriminatory effects on the complainant and others. If an investigation results in a finding that the complainant falsely accused another of harassment knowingly or in a malicious manner, the complainant will be subject to appropriate sanctions, up to and including termination of employment or, in the case of students, up to and including permanent exclusion from the College.

**Policy Concerning Sexual Relationships**

Sexual relationships between a faculty member or a teaching assistant and a student in the Tri-College community are inappropriate. The College cannot enforce a prohibition against such relationships, but it does consider them to be unethical and unprofessional. When teachers abuse, or even appear to abuse, their authority, they violate their duty to their profession and to the College.

In order to discourage such relationships, in acting on complaints that come to the College’s attention, it will be presumed that any complaint of sexual harassment by a student against a faculty member or teaching assistant is valid if sexual relations have occurred between them. This presumption is not irrebuttable, but will be difficult to overcome. In short, any faculty member or teaching assistant enters at his or her own peril into sexual relationships with a student.
FREEDOM OF SPEECH AND THE LIMITS OF DISSENT

Bryn Mawr College currently has in place various policies addressing issues related to freedom of speech and the expression of ideas. Chief among these are the policy on harassment (page 163) and the policy on solicitation on campus, available from College Communications. The Honor Code (page 121) establishes procedures that can be used to address issues of free speech and dissent when they arise from interactions between undergraduate students. The College also has a statement governing the conduct of religious groups, advisers and representatives on campus, which can be found at the Pensby Center. The policy outlined here assumes the framework created by these other policies and procedures and addresses particularly the conduct of both curricular and extracurricular gatherings that feature speakers, films, performances, exhibits or any other forms of artistic expression, whether these gatherings are open or closed.

For the purposes of this policy, the term “speakers” should be understood to mean performers, exhibitors, presenters of films and others involved in any form of artistic expression as well as those delivering, introducing or responding to speeches, talks or lectures.

As an educational institution Bryn Mawr is committed to the free expression of ideas. In practice, this commitment means that speakers who conduct themselves within the guidelines of the policies mentioned above are entitled to express their ideas without hindrance, no matter how unpopular or controversial their ideas might be. Students and other persons who choose to attend events on campus are entitled to hear and see speakers without interference or intimidation. Bryn Mawr’s commitment to the free expression of ideas extends to the expression of dissenting ideas; the College recognizes that the free representation of dissenting points of view is necessary to the climate of open and vigorous debate essential to its educational mission. Those who wish to dissent from or protest the views of others are entitled to do so, within the limits set forth here, without interference or intimidation.

Essentially, while the College recognizes the rights of both speakers and dissenters to the civil expression of their ideas, it also recognizes that these rights cannot always be exercised at the same time and in the same space and therefore sets forth the guidelines below.

Finally, the College takes seriously its obligation to ensure the physical safety of its students, faculty, staff and invited guests. This policy is intended to reflect these three commitments and protect the rights and safety of speakers, dissenters and audiences alike.

Guidelines for the Conduct of Meetings

Before the event. It will not always be possible for the organizers or sponsors of events to recognize potential controversies. However, anticipating and planning for the possibility of dissent or protest is among the responsibilities of an organizer or sponsor of a campus event. Organizers or sponsors who fail to conscientiously assume this responsibility may be subject to administrative sanctions, including the loss of the privilege of organizing future events and liability for losses or damages.

When any member of the community expects that a scheduled event may give rise to protest, she or he should notify the Dean of the Undergraduate College or, in the case of events intended primarily for graduate students or events held at the Graduate School of Social Work and Social Research, the Dean of the Graduate School of Arts and Sciences or the Dean of the Graduate School of Social Work and Social Research. This notification would most likely come from a member of the sponsoring organization, from a person involved in planning to protest, or a staff member assisting in planning or organizing the event. This notification is requested so that the Dean can take responsibility for seeing that the right of the speakers and dissenters alike are respected and that appropriate safety and security measures are taken.

The Dean will determine whether the protection of free speech and safety for all involved requires any special measures. Should she determine that this is the case, she may consult with other College officials, including the other deans of the College and the director of Campus Safety, Communications or Conferences and Events, to decide what measures will be appropriate. Among the possible courses of action they may take are:

- Appointing a faculty or administrative moderator for the event who will be responsible for reminding participants of the guidelines contained in this policy, for making sure that the rights of all are respected during the event itself, and for directing response in case the guidelines are violated;
- Making sure that the event is scheduled for a physical space which will allow for freedom of movement and security measures adequate to the size and nature of the gathering;
- Arranging for special Campus Safety measures, which may include but are not limited to making sure that officers are available during the event, requiring those attending the event to check their bags and outerwear before entering, restricting admission to the event to members of the College community, or establishing limits to the number of persons who may attend an event.

In cases where it might be appropriate, for example, if a highly controversial speaker were to speak in Goodhart and many members of the general public were expected, the Director of Campus Safety may consult with the Lower Merion Police on appropriate traffic, crowd control and security measures.

During an event. If, during an event, the appointed moderator believes that the conduct of persons present poses a threat to the rights or safety of other members of the community or of guests, she or he will ask such persons to cooperate in restoring order and remind them of their responsibilities under this policy. Should she or he be unable to restore order by so doing, she or he may:

- Ask Campus Safety to remove any persons who are posing a threat to the public order.
- Decide to move the event to another physical space.
- Decide to end the event and disperse the gathering.

In the event that protests disrupt an event at which there is no appointed moderator, any faculty member, administrator or Campus Safety officer present may assume the role of moderator. If an event at which only students are present is disrupted, and the students feel that they need assistance to restore order, they should call on the Dean’s Office or the Office of Campus Safety for support.

Guidelines for Dissent and Protest

These guidelines are meant to suggest the principles governing appropriate dissent or protest and the limits protesters or dissenters are expected to respect.

1. Distributing literature in advance of or outside a meeting is acceptable and must not be hindered when those distributing the literature are members of the College community. Those distributing literature must not impede access to the meeting and must not harass people wishing to attend. Distributing literature inside a meeting before the meeting is called to order and after it is adjourned is also acceptable and must not be hindered. Persons who are not members of the community are allowed to distribute literature under the terms of the Policy for Visitors to Campus, available from College Communications.

2. Silent protests such as the displaying of signs or symbols, the wearing of expressive clothing or insignia, standing, gesturing or otherwise protesting noiselessly is acceptable and will not be hindered unless the ability of others in the audience to see or hear is impeded. For this reason, such protests as the display of large signs or banners should be confined to the back of the meeting space. For safety reasons, signs and banners should not be affixed to sticks or other sharp or hard objects.

3. Noise that expresses spontaneous and temporary response to particular statements will be acceptable; for example, cheering or booing a particular remark, applauding or hissing, and so on. Sustained or repeated noises that substantially interfere with the audience’s ability to hear the speaker will not be acceptable, whether the noises are produced inside or outside the meeting; examples of this would be chanting, sustained booping, foot-stamping, singing, and so on.

4. Force or the threat of force is never an acceptable form of protest. “Force” is meant to include assault on any individual, whether speaker, audience member, dissenter, or staff member; physical interference with the freedom of movement of another person; defacing of signs; tampering with audio-visual equipment; throwing objects; and other gestures that threaten physical harm to persons or property.
