

COLLEGE-WIDE DEGREE REQUIREMENTS CHECKLIST

For students who entered in Fall of 2010, with expected graduation of 2014

To be completed in the fall of the freshman year:

___ Emily Balch Seminar

To be completed before the fall of the senior year:

Quantitative Skills (check one)

Q courses which carry divisional credit may count towards both the quantitative requirement and the relevant divisional requirement.

___ one course (1.0 unit) identified as a quantitative methods course ("Q") in the course guide, or

___ appropriate AP, IB, A-level, or other test score

Foreign Language (check one)

___ two courses (2.0 units) above the elementary level

___ BMC proficiency test

___ 690 SATII Language Score

___ appropriate AP, IB, A-level, or other test score

___ a semester of College Seminar plus a second writing-intensive course, which must be approved by your dean (for qualified non-native speakers of English)

Divisional Requirements.

For each division, half the requirement may be fulfilled by appropriate AP, IB, A-level, or other test score. Courses identified as interdivisional (e.g., "I or III") may be used by a student to satisfy either one of the relevant divisional requirements. However, no one course can be used towards more than one divisional requirement. Only one of the two courses used to satisfy any divisional requirement may be such an interdivisional course. A student may not use courses in her major subject to satisfy requirements in more than one division, unless the courses are cross-listed in other departments.

Division I: Social Science (2.0 units)

1.

2.

Updated July 27, 2010

Division II: Lab Science and/or Mathematics (2.0 units, one of which must be designated III)

1.

2.

Division III: Humanities (2.0 units, no more than one of which is in the performing or studio arts)

1.

2.

Physical Education:

Students must complete a total of 8 PE credits, including all of the following:

___ Wellness Program

___ Swim test. (Note that if the swim test is taken by the end of the junior year, students will receive 1 PE credit for it. If taken in the senior year, students will not receive PE credit for it.)

___ Elective PE courses.

To be completed by the end of the senior year:

___ Major Requirements

___ 32 units of academic credit, of which 24 were earned in residence
