

## List of Grievances and Special Requests for \_\_\_\_\_

Use this side for **grievances**. If you feel the grader misinterpreted your work, misread the rubric, added points incorrectly, or for some other reason gave you fewer points than you deserve for a particular assignment, please record this grievance in the chart below.

Assignment	Grievance	Points Missing
<i>Example:</i> "Tangent Lines" Worksheet	<i>Example:</i> For part 1 I wrote $y - 1 = -\frac{1}{3}(x - 3)$ in the slope-intercept section and put an arrow to show that it should really go in the point-slope section, but the grader didn't see my arrow and took a point off.	<i>Example:</i> 1

Use this side for **special requests**. If you feel you should receive credit for a late assignment because you joined the class late, had a family emergency, experienced personal health problems, forgot to hand your paper in, overslept, or some other reason, please record this special request in the chart below.
