Problems Facing the World

Prof. Donnay

Group Members:

1. _____________________
2. _____________________
3. _____________________
4. _____________________

1. Pass the sheet around and have everyone sign their name.

2. Each person introduce yourself, say where you are from and share one thing you did over the summer.

3. Make a list of problems facing the world and the nation that you are concerned about. Person 2 will be the recorder. Go around the group, starting with person 1, and have each person say one problem they are concerned with. After everybody has had one turn, do a second go around.
