

## **The Role of OIP in the Study Abroad Experience**

### **Academic Life Issues**

1. We advise students in choosing a study abroad program that is integral to their academic goal, intellectual curiosity, personal preferences and career aspirations
2. We monitor program quality, and recommend new programs for approval
3. We facilitate the transfer of academic credit from institutions abroad and ensure that earned credits are posted to student's official transcripts through the office of the Registrar

### **Student Life Issues**

1. We collaborate with faculty, the office of Undergraduate Dean, and other institutional offices to ensure a smooth management of the study abroad process from initial application, departure and return to campus
2. We assist with emergency and crisis management in cases of personal, serious health and safety circumstances
3. We work with the Office of Financial Aid to provide information about financial aspects of study abroad
4. We serve as a point of contact for all study abroad billing
5. We keep records on student experiences abroad through evaluations and maintain data on study abroad trends at Bryn Mawr College
6. We serve as a resource to parents on study abroad planning
7. Immigration processing if student is an international student at Bryn Mawr
