Bill vs. Financial Aid Worksheet for GSSWSR Students

This worksheet can help determine the estimated amount due the College, or excess financial that will be refunded for the 2019-2020 school year. College fees may vary per student.

NOTE: Federal loans are not applied to student accounts until all required forms are completed. Federal loan fees are subtracted by the lender before a loan is credited to the student account, so the amount credited is less than the award amount.
