Preface:

These Faculty By-Laws are intended to provide structure and guidance to the faculty’s role in governance within the GSSWSR. All policies, procedures, and practices specified in these By-Laws are intended to be consistent with (and are superseded by) the policies, procedures, and practices contained in the College Plan of Governance, the College Faculty Handbook, and the College Faculty By-Laws.

A. MEETINGS

1. The Dean is encouraged to host School-wide meetings at the beginning and end of each academic year (Aug and May). These meetings will not be considered “faculty meetings for the purposes of faculty voting,” and the Dean may wish to consult with faculty in developing agendas for these meetings.

2. The GSSWSR Faculty meetings will be held at a minimum of four times during the academic year. Additional faculty meetings will be scheduled as determined by the Faculty Convener and the Director of the Doctoral Program in consultation with the Dean and other faculty members. The first faculty meeting of the academic year will normally be scheduled for September and the final meeting the following April.

3. Separate Doctoral Faculty Meetings will be held on a schedule to be developed by the Doctoral Director in collaboration with the faculty and the Dean.

4. Notices of all faculty meetings shall include a date and time as well as a statement of the business to be considered. The statement of business (meeting agenda) will be developed by the Faculty Convener (or in the case of the Doctoral Program by the Director) in consultation with the Dean and with other faculty members as needed.

B. Special Meeting

The Faculty Convener shall call special meetings within a reasonable time after a request from the Dean or receipt of a written (or e-mail) request signed (endorsed) by five members of the GSSWSR Faculty. Notices of special meetings shall include a statement of the business to be considered.

C. Procedures

Robert’s Rules of Order (as modified by the College Faculty By-Laws) shall govern meeting procedures.

D. Order of Business

The regular order of business shall proceed as follows: correction and approval of the Minutes; communications from the Trustees of Bryn Mawr College; communications from the President, Provost, and/or the Dean of Graduate Studies; communications from the General Faculty and the Graduate Group; business from previous Minutes; and new business. The order of business may be changed in any meetings by the convener subject to being overturned by majority vote.

E. Position of Faculty Convener

The Convener of this Faculty shall be a member of the Faculty with tenure, elected by this faculty for a two-year term, during which he or she is not expected to be on leave. The Convener shall keep a record of all discussion and actions taken at meetings of the faculty; shall report in writing all important actions of the faculty to the Chair of the College Faculty. The Convener shall convene the Committee on Policy and serve as the faculty’s liaison to the GSSWSR Student Association, and perform such other duties as may be assigned by the Faculty. The Convener shall normally assume
office at the start of the academic year (or at the first stated meeting of the Faculty following a special election).

F. VOTING

1. Only GSSWSR faculty are eligible to vote in GSSWSR matters. Voting and attendance will be in accordance with the specifications of Sec IV G 1-5 of the General faculty By-Laws (see end note\(^1\)) with the following exceptions:

- In order to vote on any matter coming before the faculty, a faculty member must be present for the discussion preceding the vote. Being “present” for the discussion may include voice and/or video presence from an off-site location. It is the intent of the faculty that its members participate in the discussion and voting process “in person” and that participation by voice and/or video be an exception rather than a common practice.

- In recognition of the small size of the GSSWSR faculty, no vote establishing a policy, practice, or procedure, or related to a personnel matter may take place without at least one half of the faculty being present for that vote regardless of the number of faculty on leave or otherwise not present at a meeting.

2. The faculty shall recommend at the last stated meeting of the academic year to award degrees to all students who have satisfactorily completed the required course of study, and it shall communicate this recommendation to the Chair of the General Faculty. Authority to award degrees rests with the College Faculty.
