Last year, your class made a generous Reunion gift—thank you!

But making a gift every year is important, too.

More than 400 alumnae give during their reunion year but then discontinue their support the following year.

That’s an average loss of $211,610. What could be accomplished with that missing $211,610?

42 Summer internships
1,977 Library books
6 360° course clusters
298 Days of Blue Bus operation

It’s all about the power of collective giving. The higher the participation in giving, the greater the impact alumnae can make on the lives of today’s students.
