

College expectations of Bryn Mawr students in the Covid-19 pandemic (Fall 2020)

Every student—undergraduate, post-baccalaureate, or graduate, living on campus or off—who is coming to Bryn Mawr for the fall semester is expected to self-quarantine for 14 days prior to arriving on campus. Students returning to the area to live in off-campus housing are also asked to self-quarantine for 14 days.

Before arriving at Bryn Mawr I will:

- Monitor my health for Covid-19-related symptoms for 14 days prior to arrival including:
 - Complete the Bryn Mawr symptom-checker email daily
 - Quarantine at home for 14 days prior to arriving on campus. Quarantine means limiting movement beyond the home to essential tasks and limiting in-person social contact to immediate household members. Solitary outdoor activities are permitted. For essential tasks beyond the home that require in-person interaction, masks must be worn and at least a six-foot physical distance maintained.
 - Comply with the immunization requirements set by the Commonwealth of Pennsylvania. New undergraduate students must provide the [student health information form](#) to the Bryn Mawr College Health Center as required.
 - If I am feeling ill or have any signs of illness, I will notify my Dean and not come to campus until I have clearance from my doctor and the Bryn Mawr Health Center.
 - Update my Student Entry Record form in Bionic and confirm that all, phone number, address and emergency contact information is correct and up to date.

When I arrive on campus, I will participate in a screening quarantine for 14 days in compliance with College policy.

During this screening period, students are not permitted to leave campus. Students will primarily stay in their dorm room. They may be outside provided they wear a mask and abide by physical distance (6-foot) rules. Meals will be available for pick up at a dining hall at scheduled times. Students can schedule “curbside pickup” at the campus bookstore and post office. *Students who get a negative test result will continue with the screening period until all students have received test results (which will be close to the start of classes).*

If I am living in campus housing, when I arrive on campus I will:

Wear a mask on campus and ensure that anyone helping me move onto campus is also wearing a mask.

Participate in Bryn Mawr College’s Mandatory Health Assessment and Testing Program which requires:

- Daily symptom checks through the Bryn Mawr email reminder system.
- Participate in classes, events, or meetings only if I am feeling well and symptom-free. If I am not symptom free I understand that I must be cleared to participate in classes, events, or meetings by the Health Center.
- Being tested for the virus that causes Covid-19 as scheduled within a few days of my arrival and following the instructions of College personnel concerning any required

quarantine or isolation. (Students will receive information from the Health Center about how to schedule a test.)

- Participating in periodic testing and monitoring as may be required by the College.
- Keeping a journal of personal contacts to aid in contact tracing, if necessary.
- Cooperating with contact tracing inquiries within 24 hours by responding to texts and calls from contact tracers and answering all questions honestly and completely.
- Complying with any request to isolate or quarantine made by the College and be available for a clinician to check on my health status via secure email, phone, or both.
- Contacting the Bryn Mawr College Health Center immediately to seek an evaluation or arrange for testing when I experience symptoms that suggest Covid-19.

While on campus:

I will wear a face covering (mask) in all campus facilities, including workplaces, any vehicle including the Blue Bus, classrooms, dining halls, and dorms (except my assigned room) and on College grounds and when I may be unable to maintain physical distances of six feet or more.

I will maintain a physical distance of at least six feet (two meters) separation between myself and others in all College facilities including outdoors (except in my assigned room).

I will wash my hands frequently throughout the day and use the hand sanitizer available around campus.

I will observe all College guidelines for dining including grab-and-go, outdoor dining, and/or eating at assigned appropriately distanced seating.

I agree not to host in-person gatherings including parties. If I am a member or leader of a student organization, I will follow the College's Covid-19 event policies and procedures and work with SGA, Student Activities & Orientation, and Conferences and Events.

I understand that I am allowed to have only one person other than myself in my dorm room at a time. Masks are strongly encouraged in small spaces such as a dorm rooms. Family members who must make an essential visit are not permitted in the dorms.

I agree not to have overnight guests in my dorm room. Smaller indoor spaces, such as a dorm rooms provide the highest risk of transmission, with or without a mask.

I will keep my in-person social circle small and not host any visitors to campus, including family members, romantic partners, or any students who are not currently enrolled and part of the in-person BiCo community in my dorm room or other residential spaces. I will host no more than one BiCo guest at a time in my residential space, per the Visitor policy. If I host a guest, I will be responsible for ensuring that they follow College health guidelines (masks, physical distancing, and hand washing).

I will receive a flu shot when the Health Center makes them available on campus or submit a record proving receipt of flu shot to the Health Center and consult with Bryn Mawr medical staff if there is some reason I am not able to receive a flu shot.

I will remain on or close to the Bryn Mawr College campus except for essential travel. If I must travel, I will comply with all Bryn Mawr College travel guidance and Commonwealth of Pennsylvania travel restrictions, including limiting personal travel off campus to essential matters, e.g., attending class at Haverford or buying essential items such as medication, toiletries, laundry soap.

I will consult with the Bryn Mawr College Health Center medical staff if I believe a medical condition warrants a modification of these expectations. If I am unable or unwilling to follow these expectations, I will study remotely.

I will not discourage or inhibit anyone from following these campus Covid-19 guidelines.

If I am living locally off campus I will:

Participate in Bryn Mawr College's Mandatory Health Assessment and Testing Program which requires:

- Daily symptom checks through the Bryn Mawr email reminder system.
- Participate in classes, events, or meetings only if I am feeling well and symptom-free. If I am not symptom free I understand that I must be cleared to participate in classes, events, or meetings by the Health Center.
- Being tested for the virus that causes Covid-19 as scheduled within a few days of my arrival and following the instructions of College personnel concerning any required quarantine or isolation. (Students to whom this applies will receive information from the Health Center about how to schedule a test.)
- Participating in periodic testing and monitoring as may be required by the College.
- Keeping a journal of personal contacts to aid in contact tracing, if necessary.
- Cooperating with contact tracing inquiries within 24 hours by responding to texts and calls from contact tracers and answering all questions honestly and completely.
- Complying with any request to isolate or quarantine made by the College and be available for a clinician to check on my health status via secure email, phone, or both.
- Contacting the Bryn Mawr College Health Center immediately to seek an evaluation or arrange for testing when I experience symptoms that suggest Covid-19.

When I come onto campus:

I will wear a face covering (mask) in all campus facilities, including workplaces, any vehicle including the Blue Bus, classrooms, dining halls, and dorms and on College grounds and when I am unable to maintain physical distances of six feet or more. If I am a guest in a dorm I understand that I must remain in the room of the person I am visiting.

I will maintain a physical distance of at least six feet (two meters) separation between myself and others in all College facilities including outdoors.

I will wash my hands frequently throughout the day and use the hand sanitizer available around campus.

I will observe all College guidelines for dining (grab-and-go, outdoor dining, or eating at assigned appropriately distanced seating) and other activities.

I agree not to host in-person gatherings including parties. If I am a member or leader of a student organization, I will follow the College's Covid event policies and procedures and work with SGA, Student Activities & Orientation, and Conferences and Events.

I will receive a flu shot when the Health Center makes them available on campus or submit a record proving receipt of flu shot to the Health Center and consult with Bryn Mawr medical staff if there is some reason I am not able to receive a flu shot.

I will limit travel to essential travel, e.g., attending class at Bryn Mawr or Haverford or buying essential items such as medication, toiletries, groceries, etc.

I will consult with the Bryn Mawr College Health Center medical staff if I believe a medical condition warrants a modification of these expectations. If I am unable or unwilling to follow these expectations, I will study remotely.

Whether I am living on or off campus:

I will not engage in risky behavior known to greatly increase my exposure to Covid- 19. These include:

- Going to bars
- Going to indoor dining facilities (restaurants)
- Attending house parties or large gatherings (Such gatherings are prohibited by PA state guidelines)
- In-person off campus employment or volunteer work.

While studying away from campus I will:

Monitor my health for COVID-related symptoms and seek appropriate evaluation and care if needed.

Receive a flu shot.

Refusal to adhere to these expectations may be construed by the College as a violation of the Honor Code and subject to administrative actions such as a Dean's Panel and possible removal from campus.
