Wings Over Tanzania
during The Great Migration

Ngorongoro Crater • Serengeti • Lake Manyara • Tarangire

February 25 to March 8, 2017
Dear Bryn Mawr Alumnae/i and Friends,

Travel with us on this custom-designed journey of a lifetime into the majestic natural wonder that is Tanzania to behold the timeless phenomenon of the extraordinary Great Migration by land and air—the best and most comprehensive way to experience one of Earth’s most incredible natural spectacles. Here, cycles of rain and renewal dictate the foraging patterns of over one million wildebeest, 500,000 zebra and vast herds of Thomson’s gazelle and Cape buffalo that instinctively gather and migrate in pursuit of food and water while preyed upon by magnificent carnivores—lion, cheetah and leopard.

By way of a four-wheel-drive land cruiser, descend into the 12-mile-wide Ngorongoro Crater, a unique conservation area enclosed by impressive 2000-foot-high walls of a prehistoric caldera and a remarkable sanctuary for incredible wildlife, such as the black rhinoceros, eland, gazelle and lion. Discover more about the ancestry of the human race at Oldupai Gorge, one of the most important paleoanthropological sites in the world, where bones from early hominin species were unearthed by the acclaimed Leakey family. Visit a typical Maasai village with exuberant Tanzanians dressed in colorful traditional clothing, and observe firsthand Tanzania’s educational system during a stop at Kibaoni Primary School.

In addition to game drives, experience unique flight-seeing opportunities by chartered private aircraft, an amazing perspective from which to view the African landscape. Spend three nights in the heart of Serengeti National Park and two nights in Ngorongoro Conservation Area in the award-winning Serena Lodges, ideally located for optimal wildlife observation. An expert safari guide will accompany you on game drives and share insight into Tanzania’s ecosystem as you follow the habitual patterns of the Big Five—begin your day at first light with an early morning game drive, when nocturnal animals conclude their foraging and the grazers of the plains begin theirs. Depart on a second game drive as the African sun gives way to dusk, and experience the remarkable glow of the setting sun as it illuminates the African wilderness.

You don’t want to miss this once-in-a-lifetime safari. Please come join us!

Warm regards,

Saskia Subramanian, '88

Tanzania’s Serengeti—the “endless plains” of the Maasai, whose herders and warriors have roamed its trackless grasslands for centuries—where nature and culture are inextricably linked, forms the heart of a unique ecosystem that encompasses the neighboring Ngorongoro Conservation Area and Kenya’s Maasai Mara National Reserve. Within its 5400 square miles, the Serengeti’s abundant diversity of natural habitats—short- and tall-grass savannas, acacia woodlands, meandering rivers and rich wetlands—provide a sanctuary for the greatest variety and number of game animals on Earth.

The key to the vitality of the Serengeti lies in the seasonal migrations of its wildlife in a rhythmic cycle triggered by the masika (long rains) and mvuli (short rains) between the Serengeti and the Maasai Mara. By November of each year, the Serengeti’s savannas have been replenished with a fresh growth of succulent grasses, herbs and shrub foliage; and splinter herds of more than one million wildebeest and countless zebra, gazelle and other grazing animals begin yet another southerly 250-mile-long trek from the Maasai Mara to the Serengeti, returning just in time for the January through March calving season, the prime time to view the herds in Tanzania. Commencing in May, at the end of the mating season, the cycle reverses as a new generation of these incredible herds trek back north toward the Maasai Mara, repeating nature’s pageant of migration and birth.

Day 1
Depart for Tanzania.

Arusha, Tanzania
Day 2
Arrive at Kilimanjaro International Airport near Arusha, a city nestled at the foot of Mount Meru, gateway to Tanzania’s renowned national game parks. Transfer to the deluxe LAKE DULUTI SERENA HOTEL, built in the distinct, traditional style of a colonial coffee plantation amid verdant, landscaped coffee fields with picturesque views of nearby Lake Duluti.

Arusha/Serengeti National Park
Day 3
Enjoy a scenic, privately chartered flight over the sweeping African plains en route to the legendary UNESCO World Heritage-designated Serengeti National Park. Check into the deluxe SERENGETI SERENA SAFARI LODGE, located within the park and selected for its proximity to the park’s largest year-round concentration of wildlife. On your afternoon game drive, see the diverse and abundant fauna of this vast ecosystem, such as Thomson’s gazelle, giraffe, cheetah and leopard. Join your fellow participants this evening for a Welcome Reception at the lodge.

Serengeti
Days 4 and 5
One of the most spectacular moments you can experience in nature is to be surrounded by great herds of wildebeest, gazelle, topi, zebra and Cape buffalo, only a fraction of more than two million animals inhabiting a mere 5400 square miles of savannas and woodlands. Explore the trackless grasslands that support this abundance of grazing animals during morning and afternoon game safaris. Look for granite kopjes (outcrops) dotting the plains, which are favored by large cats, especially lion and leopard. Experience prolific, world-class bird-watching possibilities with more than 500 species in the expansive marshland, which attracts thousands of waterbirds. Enjoy a phenomenal aerial perspective of the Serengeti’s plains during an early morning hot air balloon flight option, weather conditions permitting.

In the heart of the African wilderness, surprising photo opportunities occur as you explore the expansive grasslands of the Serengeti.
Day 6
Following breakfast, check out of the lodge and visit Oldupai Gorge, the most famous archaeological location in East Africa and the wellspring of our DNA. Formerly known as Olduvai, this was a mispronunciation of the Maasai word “Oldupai” for the type of wild sisal that grows around the gorge.

Here, in 1960, Dr. Louis Leakey and his family made the important discovery of a 1.8-million-year-old Homo habilis. In 1959, his wife, Mary Leakey, unearthed the skull of Zinjanthropus, an early hominin that proved invaluable to the study of human ancestry.

Enjoy a discussion on Oldupai Gorge, known as the “cradle of mankind,” given by a local expert.

After lunch, continue on a game drive to Ngorongoro Conservation Area, a UNESCO World Heritage site, and check into the deluxe NGORONGORO SERENA SAFARI LODGE, perched on the rim of the magnificent crater, where each guest room offers stunning views of the natural surroundings and wildlife.

Day 7
After breakfast, board a four-wheel-drive land cruiser and descend 2000 feet to the floor of Ngorongoro Crater, a remarkable sanctuary for hundreds of mammal and bird species, for a morning of game tracking.

Born from the collapse of a massive volcano over two million years ago, the 12-mile-wide crater shelters an immense year-round concentration of incredible wildlife, lively with personality and unique behavior. The profusion of game reflects the diversity of habitats found on the crater floor: savannas, forests, marshlands, salt pans and a freshwater lake. With abundant grass and a permanent water supply, the crater supports herds of grazing animals that, in turn, attract lion, leopard and cheetah.

Observe parades of zebra, wildebeest, gazelle, Cape buffalo and bull elephant; watch for the critically endangered black rhinoceros; and look for hippopotamus seeking refuge from the midday sun in the Ngoitokitok Springs. Also, watch for the numerous species of birds that find a home in the crater, including ostrich, crowned crane, flamingo and other waders. Together, the distinct flora and fauna of the crater make this a truly unique ecosystem.

Later, survey the crater and its abundant wildlife from your lodge’s viewing terrace, right on the crater’s rim.

Ngorongoro Crater/ Lake Manyara National Park
Day 8
After breakfast, check out of the lodge and enjoy a scenic drive to the edge of the Great Rift Valley,
arguably the most significant physical detail of the Earth that is visible from outer space. Observe Tanzania's educational system firsthand during a stop at Kibaoni Primary School, the first public primary school in Tanzania with a library—visitors to the country donated most of its book collection. Meet the headmistress and see the school's classrooms.

Continue to Lake Manyara National Park. On arrival, check into the deluxe LAKE MANYARA SERENA SAFARI LODGE before embarking on an afternoon game drive.

Lake Manyara/
Tarangire National Park

Day 9
After daybreak, drive through Lake Manyara National Park in search of hippopotamus and brilliantly hued flamingo found in pools along the lake's shoreline. Watch for troops of baboons and blue monkeys scampering along tree branches, and scan the grassy floodplain in search of Cape buffalo, wildebeest, tusked elephant and giraffe. Look for Lake Manyara's most famous inhabitant, the lion, who likes to climb up and lie languidly over the branches of the acacia tree. Enjoy a scenic drive to Tarangire National Park and the distinctive TARANGIRE SAFARI LODGE tented camp. This afternoon, enjoy a game drive and sightings of the vast array of wildlife along the banks of the Tarangire River. Try to spot the kori bustard, the largest flying bird native to Africa, and the stocking-thighed ostrich.

Tarangire

Day 10
Rise with the early African sunlight for a game drive to experience the park at dawn. Upon returning to the lodge, you can watch as herds of elephant gather near the drying riverbed in search of underground streams while migratory wildebeest, zebra, buffalo, impala, gazelle and eland crowd the banks. During your afternoon game drive, keep an eye out for lion and cheetah—Tanzania's most powerful predators—in their natural habitat.

Tarangire/Arusha

Day 11
After breakfast, enjoy a scenic flight across the vast African plains in your privately chartered aircraft to Arusha. Have lunch at the Arusha Coffee Plantation Lodge upon arrival. Continue to the deluxe LAKE DULUTI SERENA HOTEL, where day rooms have been reserved. Enjoy time at leisure, and after dinner on your own, transfer to the airport for your return flight to the U.S.
