

## Bryn Mawr College Addendum to Publication Agreement

1. This Addendum modifies and supplements the attached or accompanying agreement (hereafter, the "Publication Agreement") concerning the article titled "[ENTER TITLE]" (including any supplementary materials) (hereafter, "the Work") in [ENTER TITLE OF JOURNAL].

2. The parties to the Publication Agreement as modified and supplemented by this Addendum are: [ENTER YOUR (i.e., the author's) NAME] (hereafter "the Author") and [ENTER NAME OF PUBLISHER] (hereafter, "the Publisher").

3. The parties agree that wherever there is any conflict between this Addendum and the Publication Agreement, the provisions of this Addendum will control and the Publication Agreement will be construed accordingly.

4. Notwithstanding any terms in the Publication Agreement to the contrary, Author and Publisher agree as follows:

a. All of the terms and conditions of the Publication Agreement (including but not limited to all grants, agreements, representations and warranties) are subject to and qualified by a non-exclusive license previously granted by the Author to Bryn Mawr College. Under that license, Bryn Mawr College may make the Work available and may exercise all rights under copyright relating to the Work, and may authorize others to do the same, provided that the Work is not sold for a profit. In the exercise of that license, Bryn Mawr College may use the Author's final manuscript of the Work (including all modifications from the peer review process), but will not use a facsimile of the final published version of the Work unless the Publisher permits use of that version. When Bryn Mawr College makes the Work available in an online repository under that license, Bryn Mawr College will use reasonable efforts both to cite the Publisher's definitive version of the Work if it has been published, and to link to the Publisher's version if it is available online.

b. Where applicable, all of the terms and conditions of the Publication Agreement (including but not limited to all grants, agreements, representations and warranties) are subject to and qualified by any non-exclusive license previously granted, or previously required to be granted, by the Author to a funding entity that financially supported the research reflected in the Work as part of an agreement between the Author or the Author's employing institution and such funding entity (such as an agency of the United States government) and/or to the Author's employing institution.

c. Neither the existence nor the exercise of the rights and licenses referred to in the paragraphs above will be deemed to violate any representation or warranty or to breach the Publication Agreement.

5. Either publication of the Work or the Publisher's signature below will constitute the Publisher's acceptance of and agreement to this Addendum.
