A 7-DAY WINTER WONDERLAND ADVENTURE

Dear Alumnae/i, Family and Friends,

Please join us on an extraordinary winter adventure: a seven-day wildlife expedition to Yellowstone—North America's best wolf-watching habitat.

Dressed magnificently with frost and snow, and with visitors few and far between, experience an ecosystem when its beauty is more untouched by the outside world than any other time of the year. Hushed and magical landscapes are the setting for steaming geysers, trees covered in ice crystals, and the movements of bison, elk, pronghorn, bighorn sheep, and other wildlife—followed closely by the park's wolves.

Safari aboard custom vehicles with expert naturalists as we explore and learn about the animals, environment, hydrothermal activity, and history of the park. Enjoy a private sleigh ride through the National Elk Refuge and meet an award-winning wildlife photographer for a presentation during a visit to his gallery. Each evening, overnight in atmospheric hotels and a park lodge.

This is a small-group expedition and space is limited. With significant savings of more than \$1,000 per couple, we anticipate this tour will fill quickly, so be certain to reserve your spot today and share this brochure with family and friends who may be interested in traveling with you.

Reserve today online at brynmawr.orbridge.com, by phone at (866) 639-0079 or (610) 526-5316 or by returning the enclosed reservation form.

Warm regards,

Amidst crisp air, bare trees, frosted earth, and brilliant thermal features of Yellowstone National Park, the wildlife viewing in winter is better than any other time of year. The elements of nature are in full sway, and its wild inhabitants—close-knit packs of wolves—are hunting, mating, and surviving.

What Guests Are Saying...

Words are inadequate to describe this program. The fact that I'm planning to come back and do this again soon should be a small token of how much fun, informational and life changing it was.
~Tom S., Dallas, TX

A top tier tour which far exceeded our expectations. Highly professional guides made the grandeur of Yellowstone come alive in a way we did not think possible.
