Why Thorne Kindergarten?

Moving from preschool to kindergarten is a big step and an important one!

What child flourishes at our Kindergarten?

- A child who would do well in a **full day program** (8:45-2:30)
- A child who would benefit from a **small setting** – with a class size capped at 16 and a teacher, assistant teacher and literacy and math specialist in the classroom.
- A child who would learn best in a setting that values **play** and includes three **outdoor recess** periods in the day.
- A child who would benefit from our focus on the **individual needs** of each learner.
- A child who would benefit from our focus on **social play** and interaction and our weekly social skills lessons.
- A child who would benefit from our attention to **learning style**, and our commitment to helping the family determine the best first grade placement.
- A child who would learn best in a setting that promotes **active exploration** of nature on the beautiful Haverford College campus.
