369th Infantry Regiment

Paris Discovers Jazz

After World War I, Parisians rebuilt their lives as jazz, a new sound introduced to France by African American soldiers, filled the air. Lively and unique, jazz was the perfect soundtrack to a fresh start, both for French music fans and African American troops. The 369th Infantry Regiment is credited with transforming Paris' cultural scene. The unit became famous for its bravery and its band, led by Lieutenant James Reese Europe and Sergeant Noble Sissle. Attached to the French army because U.S. forces were still segregated, the 369th Infantry was brave in battle. Nicknamed the "Harlem Hellfighters" by the Germans, the 369th and several individual soldiers were singled out for France's highest award for valor. Off the battlefield, the band boosted morale across France with music that would soon fill Parisian clubs. For two decades, Montmartre hosted the flourishing jazz community, which drew African American musicians and club owners from the U.S. Several musicians left Paris during Germany's World War II occupation, but the city's love of jazz never wavered. Jazz surged again after the war with great African American musicians leading the way, and the music still delights concertgoers today.
