

Distressing Math Collective Presents

QUANTITATIVE EQUITY STRATEGY CRASH COURSE

Presented By: Li Gordon-Washington '23

Abstract: Li Gordon-Washington (BMC '23) is currently working in an investment management rotational program at Vanguard. In her most recent role, she was on the quantitative equity trading desk. This team manages \$39 billion dollars of assets in active funds. In this talk she will cover the basics of active vs passive investing, different quantitative approaches to generating excess returns, and discuss some of her project work on the team.

When: Wednesday, March
6th at **6:30pm**

Where: Park 245 or via Zoom
