

## Senior Year Success Checklist

**As a senior**, it's time to begin preparing for your departure. At the start of the fall semester, we strongly encourage you to review your Major Work Plan and Academic Advising Report to ensure you're on track to graduate. Have these conversations with your dean and major advisor(s) early—don't wait until your final semester to address potential roadblocks.

Keep in mind that some required courses are only offered in the fall, so it's especially important to confirm your path to major completion now. Planning ahead will give you more flexibility and peace of mind as you move through your senior year.
