Set Up Workday Mobile

This How-To Guide covers how to **download and set up** the Workday Mobile app.

1. Open your device's app store.
   - **iOS:** App Store
   - **Android:** Google Play Store
2. Search for and install **Workday.**
3. Open the **Workday mobile app.**
4. Enter **brynmawr** for **Organization ID**.
5. If prompted, **log in** with your College email and password.

Note: you may also be asked to create a pin or set-up facial recognition as another means of logging into the app. Both are **optional** and not required.
