

# Mobile Photonics Lab Experience

# Coming to Bryn Mawr College

## Who Are We?

The Thorlabs Mobile Photonics Lab offers students a **hands-on experience** with photonics equipment used to measure, study, and harness the power of light. Guided by current Thorlabs employees, students are introduced to key photonics concepts, gain insight into potential careers, and engage with individuals that have years of experience working in the field.

## Photonics Opportunities

The QMSEC Center at Bryn Mawr College advances quantum information science through collaborative research, hands-on student training, and partnerships with universities, national labs, and industry to prepare future leaders in quantum technologies.

Contact information for the program:

## Join Us April 19<sup>th</sup> and 20<sup>th</sup>!

Located at **Marion Edwards Park Science Center**

## Schedule

**Sunday, 4/19** - Intro to Photonics Experience, 1 PM – 4 PM

**Monday 4/20** – Quantum Optics Experience, 10 AM - 4 PM, Registration Required
