Bryn Mawr College Re-Enrollment Assessment Form for Health Care Providers

To my treatment provider,

I am currently on a medical or psychological leave of absence from Bryn Mawr College. I left Bryn Mawr on ________________ (month / date / year) in order to engage in appropriate treatment, resolve the issues that led to my leave of absence, and solidify the coping skills I will need to succeed and flourish upon my return to a residential academic community and to a rigorous full-time course of study.

Bryn Mawr has two re-enrollment cycles, one for students applying to return in the fall with a deadline of May 1, and another for students applying to return in the spring with a deadline of November 1. I am now applying for permission to return to Bryn Mawr and my application is due on ___________ (date / month / year). As part of my re-enrollment application, I am asking you to complete this form as thoroughly and truthfully as possible and send it to the re-enrollment committee so that they may evaluate my readiness to return.

Sincerely,

_______________________________________________       ____________________________________________________   __________________________

To the treatment provider,

Thank you for your help in our evaluation process. We are asking for 1) information about your work with the student, 2) the progress the student has made, 3) your opinion about whether the student is healthy enough to resume studies and residence at Bryn Mawr College for the upcoming semester, and 4) your recommendations for continuing supports should the student be allowed to return. Please complete the attached form and submit it to

Bryn Mawr College Health Center
101 N. Merion Ave.
Bryn Mawr, PA 19010
Fax: 610-526-7365

Sincerely,

Judy Balthazar, Dean of Studies and convener of the Re-Enrollment Committee
Bryn Mawr College Re-Enrollment Assessment Form for Health Care Providers

Student’s Name: ___________________________________ Date of Birth: ________________________

1) Information about your work with the student:

Initial Diagnoses: ___________________________________ Current Diagnoses

______________________________________

______________________________________

Has the student has been in the hospital, PHP, IOP or a treatment program? Yes / no If yes, please attach initial evaluation and discharge summaries.

Please indicate all forms of treatment that apply to your contact with the student (check all that apply):

**Behavioral Health Care**

2) **Assessment:**

Have you observed substantial amelioration of the student’s health/psychological condition?  **yes / no**

If yes, check all of the following in which you have observed a marked improvement in this student:
- Number of symptoms
- Functional impairment
- Severity of symptoms
- Subjective level of distress
- Persistence of symptoms

Has there been a substantial reduction in any of the following behaviors the student may have been engaging in?
- Suicidal behaviors
- Self-injury
- Substance abuse
- Failure to maintain ideal body weight for height
- Food binging
- Food purging or any other potential harmful compensatory behaviors used for weight management (use of laxatives, excessive exercise, etc.)
- Other: ________________________________________

Has this substantial improvement been maintained?  **yes / no.** If so, for how many months? _____

Please elaborate:
