

WYNDHAM

“Wyndham Alumnae House is, during non-pandemic times, Bryn Mawr’s catering service, restaurant and hotel on campus. We provide catering around campus for various events such as banquets, board of trustee events and smaller events such as coffee hours held after campus wide lectures. Normally, students work in, and around the house during the day either helping in the kitchen doing prep work for the restaurant, which is open to the public, helping waitresses by doing bussing and hostessing and doing housekeeping in the guest rooms. Wyndham is a great way to get to know the heart of Bryn Mawr as we tend to work all around campus for events with the ability to meet wonderful people and learn valuable customer service skills. Every student gets set shifts so they can be sure to get consistent hours, however Wyndham functions differently than the rest of the dining halls in that students are expected to pick up shifts posted each week for different catering events. It offers SUPER flexible hours, if you have a light schoolwork load one week, you can pick up a couple extra shifts and make some extra money. We are not yet sure of the hour’s students will be working this year; however, we will do our best to communicate to our workers on any plans that change. While we would love to take any students interested in working with us, we are a smaller unit on campus and can only take a small number of applicants. We would love to take on students that have good customer service skills, are team players and can promise to work their hardest to make Wyndham the most wonderful space it can be!

This semester, however, will be different in terms of how Wyndham functions much like many programs on campus. Wyndham this semester will be working as an extra, smaller dining hall, offering grab and go meals for students to reduce traffic in the larger dining halls. Students working in Wyndham will help with overall cleaning and serving of students going through the dining room. Wyndham’s role is subject to change throughout the year based on what may best help Bryn Mawr the most, however we know our team of current students and staff are happy to be flexible with plans and will continue to serve everyone the best we can! We really become a family here at Wyndham, and we would love for you to join us!”
